

The Netherlands Fellowship Programmes (NFP) 2006

Fellowships for:

- Tailor-made training
- PhD studies
- Refresher courses
- Short courses
- Master's degree programmes

Eligibility | Study programmes | Application | Selection procedures

1 Introduction

1.1 General

The Netherlands Fellowship Programmes (NFP) are demand oriented fellowship programmes designed to foster institutional development. The NFP is initiated and fully funded by the Netherlands Ministry of Foreign Affairs from the budget for development cooperation. This ministry has contracted the Netherlands organization for international cooperation in higher education (Nuffic) to administer the NFP.

The overall aim of the NFP is to help alleviate qualitative and quantitative shortages of skilled manpower and to do so within the framework of sustainable capacity-building directed towards reducing poverty in developing countries.

More specifically, the NFP is focused on meeting the need for further training and capacity-building in developing countries. To maximize the fellowships' impact on capacity-building, NFP funded training must be linked to the institutional development of organizations. A wide range of organizations are eligible – governmental, private and non-governmental. They can include educational institutions, planning agencies, ministries, community-based organizations, and private enterprises, for example.

The NFP target group consists of mid-career professionals who are already in employment and who are nationals of or working in one of 57 selected countries. While fellowships are awarded to individuals, the need for training must occur within the context of the organization for which an applicant works. The training must help the organization to develop its capacity. This means that applicants must be nominated by their employers. In fact, an application without the support of an employer will not be considered.

Half of the available funding from the NFP budget should be spent on fellowships for female candidates and for candidates from sub-Saharan Africa.

For mid-career professionals from organizations in developing countries, the NFP offers the following options:

- Tailor-made training courses
- Fellowships for PhD studies
- Refresher courses
- Fellowships for short courses
- Fellowships for master's degree programmes

For the PhD studies, short courses and master's degree programmes, NFP uses a two-step application procedure. Applicants must first gain admission to the course or programme they have chosen, and only then they can apply for a fellowship through a Netherlands embassy or consulate. The appropriate fellowship application forms are available at the Netherlands embassies and consulates or can be downloaded from Nuffic's website: www.nuffic.nl/nfp.

To gain admission to a course or programme, an applicant has to contact the relevant institution directly. The required information can be found on the institutions' websites (see also the lists in sections 5 and 6 of this brochure).

The lists of the master's degree programmes and short courses are the result of a survey of the Dutch post-secondary education sector conducted at the beginning of 2005. Providers whose courses were not accepted for inclusion in the list are able to appeal against Nuffic's decision, which means that at a later date a number of courses might be added to the list. If this occurs, Nuffic will immediately update the website version of the course list and will distribute addenda that can be enclosed with the printed publication. Therefore, interested individuals are advised to check the aforementioned website regularly.

In addition to the Netherlands Fellowship Programmes, the Dutch foreign ministry also funds a programme for international cooperation focused on institution-building. This is the Netherlands Programme for Institutional Strengthening of Post-Secondary Education and Training Capacity (NPT).¹ Its aim is to help developing countries increase their capacity for providing post-secondary education and training, and to do so in a sustainable manner.

How to use this brochure

All five NFP options will be described in this publication. For each of the options, a separate section provides information regarding eligibility, the application and selection procedures, as well as the deadlines. Furthermore, schedules and lists are provided for you to find your way through this brochure and to guide you through the procedure of application for an NFP fellowship. These are:

- Lists of the master's degree programmes and short courses listed by subject area and provider in the appropriate sections (p. 19 and p. 48).
- An alphabetical index of institutions and master's degree programmes and short courses (annex 1). Page numbers indicate where each programme or course can be found in the brochure.
- An overview of the fellowship application deadlines of the Netherlands embassies and consulates as well as academic deadlines for the master's degree programmes. (p. 18).
- An overview of fellowship application deadlines of the Netherlands embassies and consulates as well as academic application deadlines for the short courses (p. 47).
- A list of available websites of Netherlands embassies and consulates (annex 2).

1.2 The parties involved

Netherlands embassies and consulates

The Netherlands embassies and consulates assess all applications for fellowships for master's degree programmes and PhD studies, and for short courses and tailor-made training.

They use standard criteria but are also free to define additional criteria appropriate to the local situation. Embassies and consulates can reject applications or make specific recommendations regarding their further processing. Together with Nuffic, they identify and select local organizations that are suitable for specific NFP support (see 1.3). In the case of tailor-made training course, the embassy or consulate makes an initial assessment of a request and may advise an applicant organization on how best to draft a training outline.

¹ For more information on the NPT, please visit the Nuffic website at www.nuffic.nl/npt.

Nuffic

Both the NFP and the NPT are managed and administered by Nuffic (the Netherlands Organization for International Cooperation in Higher Education).² Nuffic guides the process by which candidates are selected for fellowships for master's degree programmes, short courses, refresher courses and PhD programmes. Nuffic's role in tailor-made training courses is to advise requesting organizations on how to write a training outline, and to organize the public tender procedures by which Dutch providers compete with each other for the training contracts. Nuffic drafts the lists of courses and programmes for which NFP fellowships can be used, prepares the documentation for all the NFP modalities, and awards grants to the Dutch providers. On the basis of the number of qualified candidates who have registered for the various courses and programmes, Nuffic determines the number of fellowships available for each master's degree programme, short course or PhD study. After a winning Dutch provider has selected candidates, or after a training proposal has been approved, Nuffic awards a grant to the Dutch institution or organization that will provide the study programme or training.

Dutch providers

The Dutch providers are higher education institutions or other organizations in the Netherlands specialized in transferring knowledge and skills at a post-secondary level.

The master's degree programmes and short courses listed in this brochure are all offered by institutions that are accredited by the Dutch Ministry of Education, Culture and Science, and have been assessed for their capacity to receive and teach students or professionals from a variety of backgrounds. All the courses and programmes have been checked in terms of their usefulness for candidates from developing countries. Almost all are taught entirely in English.

With respect to the NFP fellowship programmes for master's degrees, short courses and PhD studies, the Dutch providers play the following role:

- They assess whether applicants are academically qualified to take part in the particular course or programme. If considered suitable, the applicants are sent a letter of admission and they can then apply for a fellowship.
- After hearing from Nuffic how many fellowships they may award, the providers make the final selection of candidates to receive NFP fellowships.
- They inform the candidates and the embassies of their decisions, administer the fellowships, make logistical arrangements, and provide guidance for the fellowship holders.
- They implement the course or programme as agreed.

1.3 Multi-year agreements within the NFP

Since 2003, the allocation of NFP fellowships has been more explicitly linked to the institutional development of organizations in the selected NFP countries. NFP candidates still apply on an individual basis, but fellowships are only awarded to 'mid-career professionals' who work in an organization that is relevant to the development of their country. Their fellowship application has to be supported by their employer, who also has to provide a motivation of why the envisaged study or course will be supportive for the organization's performance. In addition, a pilot project to introduce a new approach for allocating NFP resources was launched. As part of this pilot project, Nuffic can enter into multi-year agreements (MYAs) with organizations in selected priority

countries. The objective of these agreements is to help these organizations solve their staff development needs on a more structural basis.

The organizations eligible for this type of participation in the NFP are selected from the following eleven countries:

- Ecuador
- Guatemala
- South Africa
- Vietnam
- Egypt
- Peru
- Tanzania
- Yemen
- Ethiopia
- Rwanda
- Uganda

In each of these countries, Nuffic will consult with the Netherlands embassy or consulate and with local experts in order to identify suitable local organizations. Needs assessments are conducted at various levels within the selected organization, in order to identify the specific requirements in the short term and in the longer term. Nuffic and the organization subsequently enter into a MYA, which is based on a multi-year training plan. A budget for the total estimated costs of the training courses listed in the plan will then be reserved for the indicated period. Each year, an adjusted budget is prepared indicating the financial requirements for implementing the training plan during that year. MYA candidates nominated for participation in master's degree programmes, short courses and/or PhD studies, first have to gain academic admission to the course or study programme by applying to the relevant Dutch provider. If the candidate meets the academic admission criteria and her or his application is accepted, they must then apply for a fellowship by submitting a completed NFP Application Form to the Royal Netherlands Embassy in their home country. They are then guaranteed to be awarded a fellowship, provided the NFP programme budget allows it.

It is important to note that in the countries listed above, this identification process will take place in addition to the usual procedure for identifying organizations. In other words, other organizations in the eleven countries are free to apply directly to the nearest Dutch embassy or consulate. In either case, Nuffic will seek the advice of the embassy or consulate before taking a decision, since its officers have an important say in the selection process. Furthermore, Nuffic may incidentally enter into an MYA with organizations in any of the other countries on the NFP country list.

1.4 Contact addresses for more information

Up-to-date information about fellowship opportunities, criteria, guidelines and deadlines can be found on the website www.nuffic.nl/nfp. It can also be obtained by sending an e-mail to the following e-mail address: nfp@nuffic.nl

The Netherlands embassies and consulates can provide more information about country-specific opportunities and regulations. For example, in some countries applications have to be submitted to the Netherlands embassies through a local government organization. For this reason Nuffic strongly advises candidates to contact the embassy or consulate in their own country before they start the NFP application procedure. A list of available websites of Netherlands embassies can be found in annex 2.

² See www.nuffic.nl for detailed information about Nuffic and its mission, tasks and activities.

2 Tailor-made training

An organization in one of the 57 countries that would like its staff to be trained or to acquire specific know-how or skills can apply for support from the NFP programme for tailor-made training courses. This NFP sub-programme aims to enhance the overall functioning of an organization by providing training for a selected group of its staff members. A tailor-made training course is designed to meet specific needs as identified by the requesting organization. It does not therefore lead to a regular degree or diploma. A tailor-made training course involves a group of up to 20 people, and has a budget ranging from EUR 30,000 to EUR 225,000. A tailor-made training course is generally of brief duration. The training can be spread over a period of one year, but may not be shorter than two weeks or longer than four months. A tailor-made training course that takes up to three weeks will only be approved if it is conducted entirely in the region of the requesting organizations.

2.1 Eligible organizations

The NFP programme for tailor-made training is open to a broad range of organizations, ranging from educational institutions, research institutes, ministries, and non-governmental organizations to small and medium-sized enterprises. A requesting organization must meet the following criteria:

- Must be located in one of the 57 countries on the list (see annex 4).
- It may not be a large industrial and/or multinational firm.
- The field in which it operates should be relevant to the sustainable development of the country in question.
- The subject of the proposed tailor-made training has to be relevant to the needs identified by the requesting organization.
- The proposed trainees should have a clear-cut, functional relationship with the requesting organization.
- The proposed trainees should be in a position to introduce their newly acquired skills and knowledge into their organization.
- It must guarantee to continue to pay the candidates' salaries and to hold jobs for them during their participation in the training course.

Nuffic will give priority to training proposals that guarantee that at least half of the trainees will be female, training proposals that originate in sub-Saharan Africa, and proposals forwarded by organizations with which a multi-year agreement has been concluded.

2.2 Location

The training can take place in the Netherlands, in the home country or in a neighbouring country of the requesting organization, or in a combination of locations. The location will depend on the specific needs and possibilities. Priority will be given to training courses that take place either partially or entirely in the home country or home region of the requesting organization.

2.3 The application procedure

1. Requests for tailor-made training are to be forwarded to the Netherlands embassies or consulates in the prescribed format. This format, along with the guidelines for writing a request, are available from Nuffic's website (www.nuffic.nl/nfp) and from Netherlands embassies and consulates.

Usually, an interested organization in an NFP country will submit an initial proposal in order to find out whether the approach and theme are relevant, after which the embassy or consulate makes an initial assessment. The criteria listed above will serve as a checklist for this initial assessment. Only if an outline meets all criteria and contains all the requested information will the embassy or consulate forward the outline to Nuffic together with its own recommendations regarding the outline and the requesting organization.

During the phase in which the training outline is formulated, the help of a local expert, Nuffic and/or the embassy or consulate may be called upon to assist the requesting organization in translating the identified priority training area into a training outline.

2. Tailor-made training courses are delivered by Dutch providers that possess the required expertise. These may be higher education institutions, but other types of organization are also eligible. In order to match supply with demand in a transparent and objective way, a tender procedure is used to select the provider of the training. The training outline formulated by the requesting organization forms the basis for the call for tenders. It must include a coherent statement of the training needs, the proposed training activities, the profile of the target group, an indication of the required resources, and the related budget. Nuffic publishes calls for tenders on the Nuffic website and on the website of the Netherlands Foreign Trade Agency (EVD), which is part of the Ministry of Economic Affairs. Dutch providers submit their training proposals to Nuffic³.

3. Training proposals are evaluated by a Tender Evaluation Committee (TEC) consisting of a representative of the requesting organization, a Nuffic representative, and an independent chairperson who is an expert in a relevant field of study. The TEC selects the most qualified provider on the basis of an overall score that takes both content and price into account. In the selection process, preference is given to:

- proposals for training that will be jointly implemented by a Dutch institution or organization and by an institution or organization in the country or region concerned;
- proposals for training that will be conducted partially or entirely in the country or region concerned.

4. Following the tender procedure, Nuffic awards a grant to the Dutch provider that submitted the winning tender. The grant includes funds for any components that will take place in the developing country. Besides providing the required training, the Dutch provider is responsible for administering fellowships, making logistical arrangements, and providing guidance for the fellowship holders.

2.4 Deadline

There is no deadline for submitting an outline for tailor-made training courses. Implementation takes place in consultation with Nuffic, which is responsible for the financial planning and budgeting.

³ Nuffic may deviate from this tender procedure if the proposed training course requires a relatively small budget. In these cases, Nuffic may approach one or more potentially appropriate providers directly and invite them to forward a proposal.

3 Fellowships for PhD studies

PhD degrees can be pursued at 18 Dutch universities and institutes for international education. A list of these universities and institutes, together with their addresses and websites, can be found at the end of this section. The maximum NFP budget available for a PhD study programme is EUR 74,000. This amount is intended to cover the tuition fees and to provide a contribution towards the costs of subsistence and travel. PhD students are allowed to seek alternative sources of funding to help them cover the full costs of their study. The maximum duration of a PhD fellowship period is four years.

3.1 Eligibility

A candidate applying for an NFP fellowship for pursuit of a PhD must:

- be a national of one of the 57 developing countries on the list (see annex 4);
- have been admitted unconditionally to the Dutch institution as a PhD fellow. This means that the applicant must have met all the academic requirements set by the Dutch university or institute;
- have completed an NFP PhD Study Application Form and have provided all the required documentation;
- have completed a PhD research proposal in collaboration with the Dutch institution;
- offer proof that the PhD will be pursued according to a 'sandwich' or 'picnic' model, which means that a large portion of the PhD research will take place in the candidate's home country. In a 'sandwich' model the greater part of the field research takes place in the home country. The start of the PhD study and graduation ceremony of the candidate usually take place in the Netherlands. In a 'picnic' model, the PhD candidate will do research in his or her own country for most of the time, and spend only a few short periods of time in the Netherlands to conduct research;
- be nominated by his or her employer, who pledges to continue paying the candidate's salary and to hold a job open for the candidate while he or she is in the Netherlands. Under certain circumstances, it may be acceptable that the employer states that at least part of the salary will continue to be paid, and that the organization complies with all the other formal NFP requirements if the fellowships is awarded. It should be realized, however, that the NFP allowances are not sufficient to support family members, either in the home country or in the Netherlands;
- provide statements explaining the motivation of both the applicant and the employer;
- not be employed by a large industrial, commercial or multinational firm;
- offer evidence that he or she is sufficiently skilled in speaking and writing in the language of communication during the PhD, which may be English, French or Spanish;
- be available full-time to pursue the PhD without interruption, and be physically and mentally able to take part in the entire programme;
- declare that they will return to their home country immediately after the period of study and research in the Netherlands has ended.

3.2 The application and selection procedure

A candidate can apply for a PhD fellowship only after a research proposal has been agreed upon by both the candidate and the Dutch provider.

The application and selection procedure consists of the following steps:

Application for admission at a Dutch institution

1) Admission as a PhD student is granted on an individual basis. Senior academic staff or a specific PhD committee decide whether or not an applicant will be accepted. Usually the assessment is based on the research proposal submitted by the applicant.

Applications for a fellowship

2) After being accepted, the candidate submits a request for a PhD fellowship by presenting a completed NFP PhD Study Application Form to the Netherlands embassy or consulate in the candidate's own country, accompanied by the necessary documentation. The application form can be obtained from any Netherlands embassy or consulate. The form can also be downloaded from www.nuffic.nl/nfp.

3) The embassy or consulate assesses the application against the criteria for eligibility listed above. Special attention is given to:

- the relevance of the proposed research for the candidate's organization and country.

- proof that the candidate's employer and the Dutch institution support the application.

4) The embassy or consulate forwards an application that meets all of these criteria to Nuffic, together with its own recommendations. Nuffic assesses the application against the criteria, paying particular attention to the Dutch institution's capacity for receiving PhD fellows and giving them appropriate supervision and guidance.

5) Nuffic selects the candidates who will receive PhD fellowships. Nuffic gives priority to applications which:

- propose that the research project be co-supervised by an institution in a developing country;
 - have a proven link with other activities that are financed by the NFP, the NPT, or other Dutch government-funded activities;
 - are submitted by female candidates;
 - are submitted by candidates from sub-Saharan Africa;
 - stem from agreements made with selected organizations in the pilot countries (see section 1.3).
- 6) Nuffic informs the candidate and the institution of its decision.

3.3 Deadlines for applications

Two deadlines have been introduced for submitting PhD fellowship applications. The applications for PhD research projects starting in 2006 must reach The Netherlands embassy or consulate in the applicants own country before 1 June or before 1 October 2005. Applications for PhD research projects starting in 2007 must reach The Netherlands embassy or consulate in the applicants own country before 1 June or before 1 October 2006.

3.4 Dutch institutions eligible for supervising PhD research

4 Refresher courses

The NFP provides funds for refresher courses for NFP alumni. The aim of refresher courses is to increase the impact and prolong the effect of earlier NFP-funded training. The maximum budget available for one refresher course is EUR 70,000. This amount is intended to cover travel costs of teaching staff and participants, salaries of teaching staff, and to contribute to the subsistence costs of both the trainers and participants. The duration of a refresher course is normally two weeks. There may be up to 20 participants and it should take place in an NFP country. Participants from that country or from a neighbouring NFP country may also attend. The refresher course may be conducted by either the Dutch organization that provided the original training course or by a different Dutch provider qualified in the field of expertise concerned. Applications for refresher courses can be submitted to Nuffic either by organizations in developing countries, by NFP alumni or by the Dutch organizations that provided the original training course.

4.1 Eligibility

Organizations in developing countries applying for refresher courses must:

- be NFP alumni, having completed any NFP-funded training or education course at least two years prior to the planned starting date of the refresher course;
- not be a large industrial and/or multinational firm.

Participants in refresher courses must:

- be NFP alumni, having completed any NFP-funded training or education course at least two years prior to the planned starting date of the refresher course;
- be employed in an area to which the course will make a relevant contribution;
- have a clear-cut, functional relationship with a relevant organization and be in a position to introduce the newly acquired skills and knowledge into that organization;
- be a national of one of the 57 developing countries on the current list of eligible countries (see annex 4), or on the list of eligible countries at the time the original training course took place;
- be nominated by their employer, who pledges to continue payment of the participant's salary and to hold a job open while the employee is attending the refresher course;
- be available for the entire period of the course and be physically and mentally be able to take part in the entire course.

To a limited extent colleagues of NFP alumni can join NFP alumni and attend the course. These colleagues should be direct colleagues who work in the same organization or organizational unit of the NFP alumnus.

Also, one or two staff members of the partner institute in the NFP country concerned are allowed to attend the Refresher Course. Although all NFP alumni may participate in a Refresher Course –including those from countries which are no longer on the current NFP list- the course itself must take place in one of the present 57 NFP countries.

4.2 The application and selection procedure

Applications for refresher courses should be submitted directly to Nuffic.

The format to be used for writing a proposal for a refresher course can be downloaded from www.nuffic.nl/nfp, and is also available from the Netherlands embassies and consulates.

Nuffic will select the refresher courses to be delivered in 2006 by assessing the requests against the following supplementary criteria:

- a refresher course should be conducted in the country or region of the organization or individuals who will benefit from the course. This should be one of the 57 countries on the list (see annex 4);
- the proposed course should be in the same field of study as the original training funded by the NFP.

In the selection process, preference will be given to proposals for refresher courses which:

- have been forwarded by Netherlands Alumni Associations in one of the NFP countries;
- will be jointly implemented by a Dutch provider and an institution or organization in the country or region concerned;
- guarantee that at least half of the participants will be female;
- will take place in sub-Saharan Africa.

With these priorities in mind, Nuffic will rank the refresher courses to be supported, and award grants to the Dutch providers accordingly.

4.3 Deadline for applications

Proposals for refresher courses to be conducted in 2006 should be submitted to Nuffic before 31 October 2005.

5 Fellowships for short courses

Educational institutions in the Netherlands offer international short courses, providing professional training at post-secondary level in several fields of study. The courses lead to a certificate or a diploma and their duration varies from two weeks to 12 months. An NFP fellowship, which is granted for the duration of the course, covers the tuition fees plus the costs of international travel, subsistence, books and health insurance.

The list of eligible short courses can be found at the end of this section. The main criteria for eligibility of courses on the list are relevance of the course and cost efficiency. It should be noted that this list is a provisional list, based on a survey conducted among all potential Dutch providers in early 2005.

Nuffic's website should be consulted for the latest information, because information may be altered and courses might be added well into 2006.

5.1 Eligibility

A candidate applying for a fellowship for a short course must:

- be a national of and working in one of the 57 developing countries on the list (see annex 4);
- have been unconditionally admitted by a Dutch institution to one of the short courses on the current list. This means that the applicant must have met all the requirements set by the Dutch institution;
- have completed an NFP Short Course Application Form and have submitted all the required documentation to the Netherlands embassy or consulate;
- be nominated by the employer, who pledges to continue payment of the candidate's salary and to hold a job open while the employee is in the Netherlands. It may be acceptable if the employer states that at least part of the salary will continue to be paid, and that the organization complies with all the formal NFP requirements if the fellowship is awarded. It should be realized, however, that NFP allowances are not sufficient to support family members, either in the home country or in the Netherlands;
- provide statements explaining the motivation of both the applicant and the employer;
- not be employed by a large industrial, commercial and/or multinational firm;
- offer evidence of proficiency in speaking and writing the language of instruction (English in most cases). Candidates who have received their tertiary education in any language other than English must provide evidence in the form of a score in an internationally recognized test, such as IELTS (a score of at least 6.0) or TOEFL (a score of at least 550 points on the paper based test or 213 points on the computer-based test). An exception to this rule is made for candidates who have received their tertiary education in the English language, and for candidates who have attended a course or programme with a Dutch educational institution before, but no longer than four years ago;
- be available for the entire period of the course and be physically and mentally able to take part in the entire course;
- declare that they will return to their home country immediately after the short course has ended.

Joint Courses

A number of short courses takes place, partly or as a whole, in one of the NFP countries. NFP fellowships will be available only for participants originating from the NFP country where (part of) the course takes place and for participants from a neighbouring country.

5.2 The application and selection procedure

The application procedure consists of the following steps:

Application for admission at a Dutch educational institution

- 1) Applicants first apply for admission to the short course of their choice. Applications should always be directed to the Dutch provider of the course. The short courses overview provides the academic application deadlines for each short course.
- 2) The provider assesses the application and decides whether or not the applicant's educational background and other experience meet the specific requirements for the course in question. The provider then informs all applicants of its decisions. Candidates who have been accepted receive a letter to this effect.

Candidates are eligible for a fellowship only if they have been admitted to the course of their choice and meet all the criteria. Being admitted to more than one course does not mean that the candidate can apply for more than one fellowship. Candidates will have to select one course before applying for a fellowship.

Application for a fellowship

- 3) Candidates then apply for an NFP fellowship through the Netherlands embassy or consulate in their own country. Some embassies require applications to be submitted in duplicate. In some countries applications have to be submitted to the embassies through local governmental organizations. Candidates are therefore advised to check any local regulations with the Netherlands embassy in their country.
- 4) Candidates must complete an NFP Short Course Application Form and submit it together with all the required documents to the embassy or consulate. These forms can be obtained from the embassy or consulate and can also be downloaded from www.nuffic.nl/nfp.
- 5) There are several fellowship application deadlines for short courses (see 5.5). Each entry on the short courses overview indicates which deadline applies at the various Netherlands embassies and consulates. Candidates should NOT send their fellowship application forms directly to Nuffic or to the Dutch provider, but should forward them to the Netherlands embassy or consulate in their own country.
- 6) Completed fellowship application forms must be submitted to the Netherlands embassy or consulate in the applicant's own country. The embassy or consulate checks each application against the criteria listed above, giving special attention to the following:
 - whether the application was submitted before the deadline;
 - whether the candidate has presented a letter of admission to the short course in question;

- whether the information accompanying the application is complete and correct, and whether the required documentation (such as passport, diplomas and language test) is in order;
- whether the course is on the list of short courses starting in 2006;
- whether the course has added value for the sustainable capacity development of the employing organization and the development of the NFP country;
- whether the employer has provided a statement endorsing the application and guaranteeing that the candidates salary will be paid in full or in part during his or her absence and that a job will be held open for him or her;
- whether the candidate can offer proof of a sufficient command of the language of instruction.
- whether the candidate fulfils any other specific requirements set by the embassy, consulate or country in question.

7) The embassies and consulates forward all fellowship applications that meet all the criteria to Nuffic.

8) Nuffic decides how many fellowships will be available for each course. The allocation of fellowships over the various courses is based on the number of eligible fellowship applicants for each course.

9) The Dutch providers select the candidates who will receive fellowships. The provider informs all candidates directly of their decisions, and applies to Nuffic for a grant.

10) Nuffic awards the grant for the provider to cover the fellowship holders' costs, including the tuition fees. The provider pays each fellowship holder a subsistence allowance for the duration of the short course.

11) The Dutch providers will be responsible for administering fellowships, making logistical arrangements, and giving guidance to the fellowship holders.

5.3 Deadlines for application

On the short course overview, each entry includes the application deadlines for academic admission and a reference to the fellowship application deadline set by the Netherlands embassies and consulates. These specific deadlines are listed for each country in an annex to the overview: 5.5 'Fellowship application deadlines of Netherlands embassies and consulates for short courses starting in 2006'. (See also annex 3).

A letter of admission should be in the candidate's possession well before the embassy's deadline for submitting fellowship applications. Therefore, candidates are strongly advised to start the application procedure for admission as early as possible.

Selection of the candidates who will be awarded NFP fellowships for short courses takes place approximately one and a half months after the deadline.

Educational requirements:	Preferably equivalent to the International Diploma Courses of PTC+.
Professional requirements:	At least 3 years in transferring knowledge and skills in livestock production to individuals and/or groups.
Other requirements:	Direct involvement in animal nutrition and feeding and in the manufacture of animal feeds.

INTERNATIONAL DIPLOMA DAIRY HUSBANDRY AND MILK PROCESSING

Leading to:	Diploma.
Course duration:	26 weeks.
Next course begins:	23 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	Diploma or BSc degree in agriculture, veterinary science or food processing.
Professional requirements:	3 years.

INTERNATIONAL DIPLOMA PIG HUSBANDRY (IDPIGH)

Leading to:	Diploma.
Course duration:	26 weeks.
Next course begins:	21 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or equivalent, from a recognized institute.
Professional requirements:	At least 3 years in transferring knowledge and skills of livestock production to individuals and/or groups.
Other requirements:	Willingness to participate in all aspects of the programme.

INTERNATIONAL DIPLOMA PIG HUSBANDRY AND ANIMAL FEED (IDPIGH & AF)

Leading to:	Diploma.
Course duration:	39 weeks.
Next course begins:	21 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or equivalent, from a recognised institute.
Professional requirements:	At least 3 years in transferring knowledge and skills of livestock production to individuals and/or groups.
Other requirements:	Direct involvement in animal nutrition and feeding. Willingness to participate in all aspects.

INTERNATIONAL DIPLOMA POULTRY HUSBANDRY (IDPOULTRYH)

Leading to:	Diploma.
Course duration:	26 weeks.
Next course begins:	21 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent, from a recognised institute.
Professional requirements:	At least 3 years in transferring knowledge and skills of livestock production to individuals and/or groups.
Other requirements:	Willingness to participate in all aspects of the programme.

INTERNATIONAL DIPLOMA POULTRY HUSBANDRY AND ANIMAL FEED (IDPOULTRYH & AF)

Leading to:	Diploma.
Course duration:	39 weeks.
Next course begins:	21 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent, from a recognised institute.
Professional requirements:	At least 3 years in transferring knowledge and skills of livestock production to individuals and/or groups.
Other requirements:	Direct involvement in animal nutrition and feeding. Willingness to participate in all aspects.

INTERNATIONAL TRAINING PROGRAMME ON MILK PROCESSING

Leading to:	Certificate.
Course duration:	6 weeks.
Next course begins:	11 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Diploma in agriculture, veterinary science, food science, chemistry or biology.
Professional requirements:	2 years relevant experience.
Other requirements:	A positive attitude towards a hands-on training programme.

INTERNATIONAL TRAINING PROGRAMME ON MILKING SYSTEMS AND MILK QUALITY

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	23 October 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	Diploma in agriculture, veterinary sciences, food technology or chemistry.
Professional requirements:	2 years relevant experience.
Other requirements:	Positive attitude towards a hands-on training programme.

INTERNATIONAL TRAINING PROGRAMME ON MODERN DAIRY FARM MANAGEMENT

Leading to:	Certificate.
Course duration:	6 weeks.
Next course begins:	11 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Diploma in agriculture or veterinary science.
Professional requirements:	2 years relevant experience.
Other requirements:	Positive attitude towards a hands-on training programme.

MODULE APPLIED PIG MANAGEMENT (PART OF THE IDPIGH & AF AND OF THE IDPIGH)

Leading to:	Certificate.
Course duration:	13 weeks.
Next course begins:	21 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.

Other requirements: Willingness to participate in all aspects of the module.

MODULE APPLIED POULTRY MANAGEMENT (PART OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	13 weeks.
Next course begins:	21 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE FEED FORMULATION (PART OF THE IDPIGH & AF, OF THE IDPIGH, OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	16 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE FOOD SAFETY (PART OF THE IDPIGH & AF, OF THE IDPIGH, OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	16 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE MANURE AND WASTE MANAGEMENT (PART OF THE IDPIGH & AF, OF THE IDPIGH, OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	11 December 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE PIG BREEDING AND ARTIFICIAL INSEMINATION (PART OF THE IDPIGH & AF AND OF THE IDPIGH)

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	2 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE PIG FARMING AS AN ENTERPRISE (PART OF THE IDPIGH & AF AND OF IDPIGH)

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	27 November 2006.

Academic application deadlines:	1 June 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE PIG PRODUCTION TECHNOLOGY (PART OF THE IDPIGH & AF AND OF THE IDPIGH)

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	23 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE POULTRY BREEDING MANAGEMENT AND INCUBATION (PART OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	2 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized institute.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE POULTRY FARMING AS AN ENTERPRISE (PART OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	27 November 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE POULTRY PRODUCTION TECHNOLOGY (PART OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	23 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized institute.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

MODULE TRAINING AND EXTENSION (PART OF THE IDPIGH & AF, OF THE IDPIGH, OF THE IDPOULTRYH & AF AND OF THE IDPOULTRYH)

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	2 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	At least a diploma in agricultural science with a major in animal production, or its equivalent from a recognized university.
Professional requirements:	At least 3 years in transferring knowledge of and skills in livestock production.
Other requirements:	Willingness to participate in all aspects of the module.

PRACTICAL MANAGEMENT COURSE FOR HORTICULTURISTS

Leading to:	Certificate.
Course duration:	7 weeks.
Next course begins:	3 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	A diploma and/or BSc degree in agricultural science with a major in plant production or equivalent qualification from a recognised institute.
Professional requirements:	At least 3 years experience in crop production or closely related subjects.

PRACTICAL MANAGEMENT COURSE ON CROP PROTECTION

Leading to:	Certificate
Course duration:	4 weeks.
Next course begins:	22 September 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	A diploma and/or BSc degree in agricultural science with a major in plant production or equivalent qualification from a recognised institute.
Professional requirements:	At least 3 years experience in crop production or closely related subjects.

SHORT COURSE IN AQUATIC ECOSYSTEMS: PROCESSES AND APPLICATIONS

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	19 June 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN DECENTRALIZED WATER SUPPLY AND SANITATION

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	10 July 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN GROUNDWATER RESOURCES AND TREATMENT

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	6 March 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	Academic level or at least BSc.
Professional requirements:	2-3 years professional experience.

SHORT COURSE IN KNOWLEDGE MANAGEMENT FOR DECISION-MAKERS IN THE WATER SECTOR

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	18 April 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.
Other requirements:	Participants should be managers of larger departments and organizations of the water sector.

SHORT COURSE IN MODELING OF ACTIVATED SLUDGE WASTEWATER TREATMENT

Leading to:	Certificate.
-------------	--------------

Course duration:	2 weeks.
Next course begins:	8 May 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN OPERATION AND MAINTENANCE OF URBAN INFRASTRUCTURE (TREATMENT PLANTS)

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	20 November 2006.
Academic application deadlines:	15 June 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN WATER TRANSPORT AND DISTRIBUTION 1

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	19 June 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN WATER TRANSPORT AND DISTRIBUTION 2

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	10 July 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN WATER TREATMENT PROCESSES AND PLANTS

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	1 May 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

Van Hall Instituut Agricultural Sciences

P.O. Box 1528, 8901 BV Leeuwarden, The Netherlands
Phone: 31 - (0)58-2846264 Fax: 31 - (0)58-2846423
E-mail: international@pers.vhall.nl Internet: www.vhall.nl

RURAL RESOURCES MANAGEMENT

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Completed second year BSc in related field.
Other requirements:	Basic computer literacy.

Van Hall Instituut Environmental Sciences

P.O. Box 1528, 8901 BV Leeuwarden, The Netherlands
Phone: 31 - (0)58-2846264 Fax: 31 - (0)58-2846423
E-mail: international@pers.vhall.nl Internet: www.vhall.nl

SUSTAINABLE SOIL MANAGEMENT

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.

Educational requirements:	3 years of training at BSc level in a soil-related field (e.g. civil engineering, environmental sciences, agricultural sciences, soil science, rural planning).
Other requirements:	Basic computer skills.

Van Hall Instituut Food and Business

P.O. Box 1528, 8901 BV Leeuwarden, The Netherlands
Phone: 31 - (0)58-2846264 Fax: 31 - (0)58-2846423
E-mail: international@pers.vhall.nl Internet: www.vhall.nl

FOOD AND AGRIBUSINESS MANAGEMENT (1-YEAR PROGRAMME)

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	In at least the second year of a BSc programme in one of the social sciences.
Other requirements:	Basic computer literacy.

FOOD SCIENCE AND TECHNOLOGY (1-YEAR PROGRAMME)

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Second year of a BSc programme in one of the natural or technological sciences.
Other requirements:	Basic computer literacy.

Wageningen University and Research Centre Graduate School VLAG

P.O. Box 8129, 6700 EV Wageningen, The Netherlands
Phone: 31 - (0)317-485751 Fax: 31 - (0)317-483342
E-mail: fre.pepping@wur.nl Internet: www.africannutritionleadership.org

AFRICAN NUTRITION LEADERSHIP PROGRAMME

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	25 October 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	MSc, but preferably PhD in nutrition/health sciences and a position at a university, institute or national/international organisation.

Architecture and town planning

Institute for Housing and Urban Development Studies (IHS)

P.O. Box 1935, 3000 BX Rotterdam, The Netherlands
Phone: 31 - (0)10-4021523 Fax: 31 - (0)10-4045671
E-mail: admission@ihs.nl Internet: www.ihs.nl

INTERNATIONAL COURSES ON HOUSING AND URBAN DEVELOPMENT (88TH ICHUD)

Leading to:	Diploma.
Course duration:	3 months.
Next course begins:	5 April 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	Bachelor's degree or equivalent.
Professional requirements:	At least 3 years of work or academic experience.
Other requirements:	Evidence of sufficient command of English language.

LAND MANAGEMENT AND INFORMAL SETTLEMENT REGULARISATION (LM3)

Leading to:	Diploma.
Course duration:	1 month.
Next course begins:	2 August 2006.
Academic application deadlines:	1 February 2006.

Educational requirements:	Bachelor's degree or equivalent.
Professional requirements:	At least 3 years work or academic experience.
Other requirements:	Evidence of sufficient command of English language.

International Institute for Geo-information Science and Earth Observation (ITC) Education Affairs

P.O. Box 6, 7500 AA Enschede, The Netherlands
Phone: 31 - (0)53-4874444 Fax: 31 - (0)53-4874400
E-mail: education@itc.nl Internet: www.itc.nl

POSTGRADUATE DIPLOMA COURSE IN URBAN MANAGEMENT (UPLA.3) IN THREE SPECIALISATION TOPICS

Leading to:	Diploma.
Course duration:	9 months.
Next course begins:	18 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree from a recognized university, in a discipline relevant to the programme and/or specialization chosen.
Professional requirements:	Some years experience in the field of urban planning; or land administration or infrastructure management is recommended.
Other requirements:	Stereoscopic and colour vision recommended, as well as good background in computers and mathematics.

SHORT COURSE IN ADVANCED GEO-INFORMATION & EARTH OBSERVATION FOR PROBLEM-SOLVING IN APPLIED EARTH SCIENCES

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	3 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree in a relevant field, plus the basics of RS and GIS, equal to requirements of short course principles of RS and GIS for various applications.
Professional requirements:	Proof of working experience in remote sensing and GIS is a must if no formal teaching has been acquired on these subjects.
Other requirements:	Thorough experience in computer handling of data (incl. basics of remote sensing and GIS) preferably good stereoscopic & colour vision.

SHORT COURSE IN APPLICATIONS OF GIS IN URBAN MANAGEMENT (URBAN PLANNING, LAND ADMINISTRATION AND INFRASTRUCTURE MANAGEMENT)

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	3 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree from a recognized university, in a discipline relevant to the programme and/or specialisation chosen.
Professional requirements:	Some years of working experience in urban planning; or land administration or infrastructure management is recommended.
Other requirements:	Ability to use at least one GIS software package: (e.g. ArcGIS, ArcInfo, ArcView, ILWIS, IDRISI). Good background in computers is recommended.

SHORT COURSE IN CONCEPTS AND SKILLS IN APPLIED EARTH SCIENCES RESEARCH: DEVELOPMENT OF A PERSONAL ACADEMIC ATTITUDE WITH 4 SPECIALISATIONS

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	26 March 2006.
Academic application deadlines:	1 November 2005.

Educational requirements:	BSc degree, plus basics of Remote Sensing and GIS, plus experience in one of the application fields, equal to first 8 modules of AES.2 MSc course.
Professional requirements:	Proof of working experience in remote sensing and GIS is a must if no formal teaching has been acquired on these subjects.
Other requirements:	A critical and creative attitude will be helpful. Thorough experience in computer handling of data, and preferably good stereoscopic and colour vision.

SHORT COURSE IN FORMULATING AND MANAGING GIS PROJECTS

Leading to:	Certificate.
Course duration:	7 weeks.
Next course begins:	30 March 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	BSc degree in a relevant field.
Professional requirements:	Professional experience in applying GIS, Database Management Systems or remote sensing is a great advantage.

SHORT COURSE IN GIS AND REMOTE SENSING FOR NATURAL RESOURCES MANAGEMENT

Leading to:	Certificate.
Course duration:	12 weeks.
Next course begins:	9 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree from a recognised university, in a discipline relevant to the course.
Professional requirements:	Several years recommended.
Other requirements:	Reasonable working knowledge of mathematics. Computer skills and a good working knowledge of GIS and remote sensing are essential.

SHORT COURSE IN PRINCIPLES OF REMOTE SENSING AND GIS FOR VARIOUS APPLICATIONS (AES; NRM; UPLA; WREM)

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	2 October 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	BSc degree or equivalent from a recognised university in a discipline related to the application field.
Professional requirements:	Some working experience in a relevant field is recommended.
Other requirements:	Stereoscopic and colour vision recommended, as well as good background in computers and mathematics.

SHORT COURSE IN PRINCIPLES OF SPATIAL DATA HANDLING: DATABASES, GIS AND REMOTE SENSING

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	2 October 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	BSc in a field relevant to the course.
Professional requirements:	Professional experience is not required, but affinity to working with spatial data is an advantage.
Other requirements:	Basic computer skills.

SHORT COURSE IN SPATIAL PLANNING & DECISION SUPPORT SYSTEMS: MULTI-CRITERIA EVALUATION TECHNIQUES AND SCENARIO DEVELOPMENT

Leading to:	Certificate.
Course duration:	7 weeks.
Next course begins:	23 March 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	BSc degree in a relevant field of study.
Professional requirements:	Not absolutely necessary but beneficial.
Other requirements:	Understanding of basic concepts and principles of geographic information systems.

UNDERGRADUATE DIPLOMA COURSE IN GEOINFORMATICS (GFM.4) IN THREE SPECIALISATION TOPICS

Leading to:	Diploma.
Course duration:	9 months.
Next course begins:	16 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	University entrance level in mathematics for all options, plus university entrance level in geography for cartographic option.
Professional requirements:	Three years of relevant experience.
Other requirements:	Good stereoscopic vision for those opting for the photogrammetry & remote sensing specialisation.

UNESCO-IHE Institute for Water Education Central Services

P.O. Box 3015, 2601 DA Delft, The Netherlands
 Phone: 31 - (0)15-2151715 Fax: 31 - (0)15-2122921

INTERNATIONAL SEMINAR ON PORT MANAGEMENT

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	3 April 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

Business administration and management**International Institute for Geo-information Science and Earth Observation (ITC) Education Affairs**

P.O. Box 6, 7500 AA Enschede, The Netherlands
 Phone: 31 - (0)53-4874444 Fax: 31 - (0)53-4874400
 E-mail: education@itc.nl Internet: www.itc.nl

SHORT COURSE IN DEVELOPMENT OF ORGANISATIONS IN A GEO-INFORMATION INFRASTRUCTURE ENVIRONMENT

Leading to:	Certificate.
Course duration:	6 weeks.
Next course begins:	24 April 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	BSc degree from a recognized university in a discipline relevant to the course.
Professional requirements:	Working experience in organisations such as cadastres, mapping agencies, geological/hydrologic surveys, ministries of agriculture, or public works.

SHORT COURSE IN GEO-INFORMATION INFRASTRUCTURE AND CORE DATA PROVIDERS

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	3 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree from a recognised university in a discipline relevant to the course.
Professional requirements:	Working experience in organisations such as cadastres, mapping agencies, geological/hydrologic surveys, ministries of agriculture, or public works.

International Institute for Land Reclamation and Improvement (Alterra-ILRI)

P.O. Box 47, 6700 AA Wageningen, The Netherlands
 Phone: 31 - (0)317-495549 Fax: 31 - (0)317-495590
 E-mail: ilri@ilri.nl Internet: www.alterra.nl

INTERNATIONAL COURSE ON INSTITUTIONS FOR WATER MANAGEMENT / ICIW

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	5 June 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	BSc in Civil or Agricultural Engineering.
Professional requirements:	At least 3 years experience in the management of water systems.

Maastricht School of Management (MSM) Executive Education Programs Department

P.O. Box 1203, 6201 BE Maastricht, The Netherlands
 Phone: 31 - (0)43-3870808 Fax: 31 - (0)43-3870800
 E-mail: ep_programmes@msm.nl Internet: www.msm.nl

BUSINESS DYNAMICS (BD)

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	9 June 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a Bachelor's degree or equivalent in Business Administration, Economics, Engineering or a related field.
Professional requirements:	At least 3 years experience in a managerial or executive position or a comparative experience in education or research.
Other requirements:	High interest in the relationship between IT & strategic planning.

CORPORATE RESPONSIBILITY AND SUSTAINABLE ECONOMIC DEVELOPMENT (CRED)

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	10 April 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	At least a Bachelor's degree in business administration, economics, engineering or a related field.
Professional requirements:	Policy-makers, managers and academics, engaged in the design and implementation of CSR policies, with at least 5 years work experience in a relevant position.

FINANCIAL MANAGEMENT (FM)

Leading to:	Diploma.
Course duration:	12 weeks.
Next course begins:	22 September 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	Bachelor's degree or equivalent in Finance, Business Administration, Economics or a related field.
Professional requirements:	At least 3 years in a finance-related function in a private or public sector enterprise.
Other requirements:	Financial professionals, managers, consultants & lecturers working in the finance area.

MANAGEMENT OF CHANGE FOR ORGANIZATIONAL TRANSITION (CM)

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	9 June 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	At least a Bachelor degree or equivalent in management, business administration or a related field.

Professional requirements: Senior level general managers from the private/public sector, HRM professionals, consultants, lecturers with at least 3 years experience.

MANAGERIAL CONTROL AND MANAGEMENT INFORMATION SYSTEMS (MCMIS)

Leading to: Diploma.
Course duration: 12 weeks.
Next course begins: 26 May 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: Bachelor's degree or equivalent in Management, Accounting, Finance, Economics, Science or Engineering or a related field.
Professional requirements: At least 3 years in a relevant Control or IT management related position in a private, non-governmental or public sector organization.
Other requirements: Being interested in and enthusiastic about strategy, control, IT and management.

MARKETING OF SERVICES (MOS)

Leading to: Diploma.
Course duration: 12 weeks.
Next course begins: 26 May 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: Bachelor's degree or equivalent in Business Administration, Marketing, Economics, Engineering or a related field.
Professional requirements: At least 3 years experience in a marketing-service related function. Professionals, managers, consultants & lecturers working in the marketing area.

ORGANIZATION CULTURE AND MANAGEMENT: TOWARDS EFFECTIVE ORGANIZATIONS (OCM)

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 9 June 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: At least a Bachelor's degree or equivalent in management, business administration or a related field.
Professional requirements: Senior level general managers from the private/public sector, HRM professionals, consultants and lecturers.

PROJECT APPRAISAL AND MANAGEMENT (PAM)

Leading to: Diploma.
Course duration: 12 weeks.
Next course begins: 13 January 2006.
Academic application deadlines: 1 September 2005.
Educational requirements: Bachelor's degree or equivalent in business administration, economics, finance or a related field.
Professional requirements: Minimal 3 years work experience in a projects-related position. Project managers, planners, loan officers, policy-makers, trainers and consultants in relevant project areas.

PROJECT IDENTIFICATION, DEVELOPMENT AND MANAGEMENT: TOWARDS AN EFFECTIVE PROJECT CYCLE (PDM)

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 22 September 2006.
Academic application deadlines: 1 June 2006.
Educational requirements: At least a Bachelor's degree in a relevant field of study.
Professional requirements: Project decision-makers and project staff from governments, NGO's, educational institutes and private companies with at least 3 years working experience.

STRATEGIC MANAGEMENT: DESIGN AND IMPLEMENTATION OF CORPORATE STRATEGIES (GSM)

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 13 January 2006.
Academic application deadlines: 1 September 2005.
Educational requirements: At least a Bachelor's degree or equivalent in management, business administration or a related field.
Professional requirements: Managers from the private & public sector, consultants and lecturers from the management field with at least 5 years experience in a relevant position.

DRAINAGE SYSTEM DESIGN AND OPERATION (DSD)

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	24 April 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	BSc of Civil or Agricultural Engineering or equivalent.
Professional requirements:	3 years in water management.
Other requirements:	Mathematical background.

INTERNATIONAL COURSE ON LAND DRAINAGE / ICLD

Leading to:	Certificate.
Course duration:	12 weeks.
Next course begins:	3 April 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	BSc degree in Agricultural Engineering, Civil Engineering, Hydrology or a related field, with a good background in mathematics and physics.
Professional requirements:	At least 5 years.
Other requirements:	Mathematical background.

SHORT COURSE IN APPLIED GROUNDWATER MODELLING

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	19 June 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN INTEGRATED COASTAL ZONE MANAGEMENT

Leading to:	Certificate.
Course duration:	2 weeks.
Next course begins:	3 April 2006.
Academic application deadlines:	15 November 2005.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN SUSTAINABLE WASTEWATER TREATMENT AND REUSE

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	19 June 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN URBAN NETWORK INFRASTRUCTURE CONSTRUCTION AND MAINTENANCE

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	1 May 2006.
Academic application deadlines:	15 February 2006.

Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

SHORT COURSE IN URBAN WATER SYSTEMS MODELLING

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	19 June 2006.
Academic application deadlines:	15 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements:	Practical or research work experience.

Environmental Science

International Institute for Geo-information Science and Earth Observation (ITC) Education Affairs

P.O. Box 6, 7500 AA Enschede, The Netherlands

 E-mail: education@itc.nl Internet: www.itc.nl

POSTGRADUATE DIPLOMA COURSE IN WATER RESOURCES & ENVIRONMENTAL MANAGEMENT (WREM.3) IN TWO SPECIALISATION TOPICS

Leading to:	Diploma.
Course duration:	9 months.
Next course begins:	18 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree from a recognized university, in a discipline relevant to the programme and/or specialisation chosen.
Professional requirements:	Several years recommended.
Other requirements:	Reasonable working knowledge of mathematics. Some computer skills and normal stereoscopic & colour vision are recommended.

SHORT COURSE IN ADVANCED USE OF RS IN WATER RESOURCE MANAGEMENT, IRRIGATION AND DRAINAGE

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	27 March 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	Good background in hydrology or agrometeorology, good mathematical skills, exposure to GIS-RS packages (with knowledge in ERDA, Envi and/or ILWIS).
Professional requirements:	Several years recommended.

SHORT COURSE IN ENVIRONMENTAL IMPACT ASSESSMENT (EIA) AND STRATEGIC ENVIRONMENTAL ASSESSMENT (SEA) USING SPATIAL DECISION SUPPORT TOOLS

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	24 April 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	BSc from recognised university in a relevant field of study.
Professional requirements:	Relevant working experience is recommended.

SHORT COURSE IN GEO-TOOLS FOR WATER RESOURCES MANAGEMENT WITH 3 SPECIALISATIONS

Leading to:	Certificate.
Course duration:	3 months.
Next course begins:	13 February 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc in a relevant subject.
Professional requirements:	Preferably 2 years of professional experience.

Other requirements:	Basic knowledge of GIS and RS and computer skills.

SHORT COURSE IN CLEANER PRODUCTION AND THE WATER CYCLE

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 1 May 2006.
Academic application deadlines: 15 February 2006.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN ENVIRONMENTAL ENGINEERING

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 6 March 2006.
Academic application deadlines: 15 November 2005.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN ENVIRONMENTAL POLICY MAKING

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 6 March 2006.
Academic application deadlines: 15 November 2005.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN SOLID WASTE MANAGEMENT AND ENGINEERING

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 10 July 2006.
Academic application deadlines: 15 February 2006.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN WATER QUALITY ASSESSMENT

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 13 February 2006.
Academic application deadlines: 15 November 2005.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN WATER QUALITY CONTROL IN WATER SUPPLY

Leading to: Certificate.
Course duration: 2 weeks.
Next course begins: 2 October 2006.
Academic application deadlines: 15 June 2006.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN WATER RESOURCES PLANNING

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 6 March 2006.
Academic application deadlines: 15 November 2005.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN WATERSHED AND RIVER BASIN MANAGEMENT

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 10 July 2006.
Academic application deadlines: 15 February 2006.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

SHORT COURSE IN WETLANDS FOR WATER QUALITY

Leading to: Certificate.
Course duration: 3 weeks.
Next course begins: 6 March 2006.
Academic application deadlines: 15 November 2005.
Educational requirements: BSc degree or equivalent qualification in a relevant subject from a recognized university.
Professional requirements: Practical or research work experience.

University of Twente Technology and Development Group

ENVIRONMENTAL POLICY AND MANAGEMENT

Leading to: Certificate.
Course duration: 52 weeks.
Next course begins: August 2006.
Academic application deadlines: 15 January 2006.
Educational requirements: At least in the third year of BSc studies in natural sciences, technological science or social science.
Other requirements: Basic computer skills.

ENVIRONMENTAL SCIENCES

Leading to: Certificate.
Course duration: 52 weeks.
Next course begins: August 2006.
Academic application deadlines: 15 January 2006.
Educational requirements: 3 or more years of education at BSc level in one of the natural sciences.
Other requirements: Basic computer skills.

ENVIRONMENTAL TECHNOLOGY

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	At least the third year of a BSc programme in natural sciences or technological science. Proficient in chemistry and mathematics at first-year university level.
Other requirements:	Basic computer skills.

GEOGRAPHICAL INFORMATION STUDIES

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	At least the third year of BSc studies in a relevant field (such as agricultural/ environmental sciences, geography, civil engineering, tourism, rural resource management).
Other requirements:	Affinity with computer work, mathematical skills at first-year university level.

NATURE AND WILDLIFE MANAGEMENT

Leading to:	Certificate.
Course duration:	52 weeks.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	At least in the third year of a BSc programme in biological science. Proficient in biology and mathematics at first-year university level.
Other requirements:	Basic computer skills.

ASSESSING NEEDS AND UNDERSTANDING BEHAVIOURAL AND ENVIRONMENTAL RISK FACTORS

Leading to: Certificate.
 Course duration: 4 weeks.
 Next course begins: 17 April 2006.
 Academic application deadlines: 1 November 2005.
 Educational requirements: Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

CONTINUOUS QUALITY IMPROVEMENT IN HEALTH CARE

Leading to: Certificate.
 Course duration: 3 weeks.

Next course begins:	27 March 2006.
Academic application deadlines:	1 November 2005.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

ECONOMIC ANALYSIS OF HEALTH CARE SYSTEMS

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	23 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

EPIDEMIOLOGY AND THE EVALUATION OF (PUBLIC) HEALTH DETERMINANTS AND HEALTH INTERVENTIONS

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	30 October 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

HEALTH POLICY ANALYSIS

Leading to:	Certificate.
Course duration:	3 weeks.
Next course begins:	1 January 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

HEALTH, SICKNESS AND CULTURE

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	27 November 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

INTRODUCTION TO PUBLIC HEALTH RESEARCH AND RESEARCH METHODOLOGY

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	2 October 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

MANAGING HEALTH CARE ORGANIZATIONS

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	20 February 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

PLANNING OF HEALTH EDUCATION AND HEALTH PROMOTION INTERVENTIONS

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	15 May 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant working experience.

Universiteit van Amsterdam

Faculty of Social and Behavioural Sciences / Department of Sociology and Cultural Anthropology - AMMA

CHILDREN, YOUTH AND DEVELOPMENT (CYD)

Leading to: Diploma.
Course duration: 10 weeks.
Next course begins: 19 April 2006.
Academic application deadlines: 1 October 2005.
Educational requirements: BA in relevant social science, at least class 2.2 or B.
Professional requirements: 2 years in a relevant position.

DEVELOPMENT, LAW AND SOCIAL JUSTICE (DLSJ)

Leading to: Diploma.
Course duration: 7 weeks.
Next course begins: 23 May 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BA degree social science, at least class 2.2 or B.
Professional requirements: 2 years in a relevant position.

EFFECTIVE SOCIAL POLICIES FOR HUMAN DEVELOPMENT, ISSUES IN DESIGN AND MANAGEMENT (ESP)

Leading to: Diploma.
Course duration: 10 weeks.
Next course begins: 19 April 2006.
Academic application deadlines: 1 October 2005.
Educational requirements: BA degree in relevant social science, at least class 2.2 or B.
Professional requirements: 2 years in a relevant position.

GOVERNANCE, DEMOCRATISATION AND PUBLIC POLICY (GOV)

Leading to:	Diploma.
Course duration:	10 weeks.
Next course begins:	19 April 2006.
Academic application deadlines:	1 October 2005.
Educational requirements:	BA degree in relevant social science, at least class 2.2 or B.
Professional requirements:	2 years in a relevant position.

MODELLING AND ACCOUNTING FOR SUSTAINABLE DEVELOPMENT (MASD)

Leading to:	Diploma.
Course duration:	10 weeks.
Next course begins:	19 April 2006.
Academic application deadlines:	1 October 2005.
Educational requirements:	BA degree in economics or statistics, at least class 2.2 or B.
Professional requirements:	2 years in a relevant field.

POLICY ANALYSIS SKILLS FOR TRANSITION ECONOMIES (PASTE)

Leading to:	Diploma.
Course duration:	6 weeks.
Next course begins:	19 April 2006.
Academic application deadlines:	1 October 2005.
Educational requirements:	BA degree in relevant social science, at least class 2.2 or B.
Professional requirements:	2 years in a relevant position.

UNIVERSALISING SOCIO-ECONOMIC SECURITY FOR THE POOR (USS)

Leading to:	Diploma.
Course duration:	10 weeks.
Next course begins:	11 January 2006.
Academic application deadlines:	1 August 2005.
Educational requirements:	BA degree in relevant social science, at least class 2.2 or B.
Professional requirements:	2 years in a relevant position.

UNIVERSALISING SOCIO-ECONOMIC SECURITY FOR THE POOR (USS) - CERTIFICATE COURSE

Leading to:	Certificate.
Course duration:	5 weeks.
Next course begins:	11 January 2006.
Academic application deadlines:	1 August 2005.
Educational requirements:	BA degree in relevant social science, at least class 2.2 or B.
Professional requirements:	2 years in a relevant position.

Universiteit Maastricht

FINANCING SOCIAL PROTECTION

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	November 2006.
Academic application deadlines:	1 April 2006.
Educational requirements:	BA level university education in economics, mathematics, statistics, actuarial studies, business administration or a comparable subject.
Professional requirements:	Preferably 2-3 years of professional experience in social protection.
Other requirements:	Basic maths skills.

SOCIAL BUDGETING

Leading to:	Certificate.
Course duration:	4 weeks.
Next course begins:	November/December 2006.
Academic application deadlines:	1 June 2006.
Educational requirements:	BA level university education in economics, mathematics, statistics, actuarial studies, business administration or a comparable subject.

Professional requirements:	Preferably 2-3 years of professional experience in social protection.
Other requirements:	Basic maths skills.

Universiteit van Amsterdam

**POSTGRADUATE DIPLOMA COURSE IN PORT, SHIPPING AND
TRANSPORT MANAGEMENT**

Leading to:	Diploma.
Course duration:	8 months.
Next course begins:	18 September 2006.
Academic application deadlines:	14 February 2006.
Educational requirements:	BSC or equivalent.
Professional requirements:	Approx. 2 years.
Other requirements:	Minimum age 23 years.

6 Fellowships for master's degree programmes

The Netherlands' higher education sector offers a large number of international master's degree programmes. They cover almost every field of study, allowing candidates to receive a postgraduate education and to earn either a Master of Arts degree, a Master of Science degree, or a Professional Master's degree. A Master of Arts or a Master of Science degree is an academic degree, usually awarded by traditional universities on completion of a postgraduate research-oriented course of one to two years in duration. A Professional Master's degree is awarded by different types of institutes of higher education and focuses on more professionally-oriented teaching programmes. Professional Master's degrees are usually of shorter duration than a research-oriented Master's degree programme.

The duration of the programmes varies between 9 and 24 months. The fellowships, which are granted for the duration of the programme, cover the tuition fees plus the costs of international travel, subsistence, books, and health insurance.

The list of eligible master's degree programmes can be found at the end of this section. It should be noted that this list is based on a survey conducted among all potential Dutch providers of international master's degree programmes in early 2005. Information may be subject to alteration and master's degree programmes might be added to the list well into 2006. Nuffic's website should be consulted for the latest information.

6.1 Eligibility

An applicant for an NFP fellowship for a master's degree programme must:

- be a national of and working in one of the 57 developing countries on the list (see annex 4);
- have been unconditionally admitted by a Dutch institution to one of the master's degree programmes on the course list. This means that the applicant must have met all the requirements set by the Dutch institution;
- have completed an NFP Master's Degree Programme Application Form and have submitted all the required documentation to the Netherlands embassy or consulate;
- be nominated by the employer, who pledges to continue payment of the employee's salary and to hold a job open while the employee is pursuing the Master's degree programme. It may be acceptable if the employer states that at least part of the salary will continue to be paid, and that the organization complies with all the other formal NFP requirements if the fellowships is awarded. It should be realized, however, that NFP allowances are not sufficient to support family members, either in the home country or in the Netherlands;
- provide statements explaining the motivation of both the applicant and the employer;
- not be employed by a large industrial, commercial and/or multinational firm;
- offer evidence of proficiency in speaking and writing the language of instruction. Candidates who have received their education in any language other than English must provide evidence in the form of a score in an internationally recognized test such as IELTS (a score of at least 6.0) or TOEFL (a score of at least 550 points on the paper-based test). An exception to this rule is made for candidates who have received their education in the

- English language, and candidates who have attended a course or programme with a Dutch educational institution before, but no longer than four years ago;
- be available for the entire period of the programme and be physically and mentally able to take part in the entire programme;
- declare that they will return to their home country immediately after the study programme has ended.

Joint or Double Degree Programmes

A number of master's degree programmes take place, either in whole or in part, in one of the NFP countries, for example as a "joint programme" or as a "joint degree programme". In these cases, the Dutch institution and the partner institution in an NFP country deliver the programme together. NFP fellowships will be available only for participants originating from the NFP country where the course (or part of the course) takes place and for participants originating from a neighbouring country.

6.2 The application and selection procedure

The application and selection procedure consists of the following steps:

Application for admission at a Dutch educational institution:

1. Applicants first apply for admission to the master's degree programme of their choice. Applications should always be directed to the Dutch provider of the programme. The deadlines for these applications vary. Applicants are advised to consult the Dutch provider about the application deadline for their chosen programme, and to apply for admission well before the deadline.
2. The provider assesses the application and decides whether or not the applicant's educational background and other experience meet the specific requirements for the programme in question. The provider then informs all applicants of its decisions. Successful candidates will receive a letter indicating that they have been provisionally, but unconditionally admitted. Admission must be unconditional in terms of the candidate's education and language proficiency. Admission may be granted provisionally, subject to the candidate finding suitable funding for the course.

Candidates are eligible for a fellowship only if they have been admitted to their chosen master's degree programme and meet all the criteria. Being admitted to more than one course does not mean that a candidate can apply for more than one fellowship. Candidates will have to select one course before applying for a fellowship.

Application for a fellowship

3. After receiving their letter of admission, candidates may then apply for an NFP fellowship through the Netherlands embassy or consulate in their own country. Some embassies require applications to be submitted in duplicate. In other countries applications have to be submitted to the embassies through local governmental organizations. Candidates are therefore advised to check any local regulations with the Netherlands embassy in their country.

4. Candidates must complete an NFP Master's Degree Programme Application Form and submit it together with all the required documents and information to the embassy or consulate well before the deadline for applications set by the embassy or consulate. These forms can be obtained from the embassy or consulate and can be downloaded from www.nuffic.nl/nfp.

Candidates should NOT send their fellowship application forms directly to Nuffic or to the Dutch provider, but should forward them to the Netherlands embassy or consulate in their own country.

5. The embassy or consulate checks each application against the criteria listed above. Special attention is given to:
- whether the application was submitted before the deadline;
 - whether the candidate has presented a letter of admission to the programme in question;
 - whether the information accompanying the application is complete and correct, and whether the required documentation (such as passport, diplomas and language test) is in order;
 - whether the programme is on the list of master's degree programmes starting in 2006;
 - whether the course has added value for the sustainable capacity development of the employing organization and the development of the NFP country;
 - whether the employer has provided a letter endorsing the application and guaranteeing that the candidate's salary will continue to be paid in full or in part during his or her absence and that a job will be held open for him or her;
 - whether the candidate can offer proof of a sufficient command of the English language.
 - whether the candidate fulfils any other specific requirements set by the embassy or consulate.
6. The embassies and consulates forward the fellowship applications that meet all of the criteria to Nuffic before Nuffic's deadline.
7. Nuffic decides how many fellowships will be available for each programme. The allocation of fellowships between the various programmes is based on the number of eligible applicants for each programme.
8. The Dutch provider then selects the candidates who will receive fellowships. The provider informs all candidates of its decisions, and applies to Nuffic for a grant.
9. Nuffic awards the grant for the provider to cover the fellowship holders' expenses, including the tuition fees. The provider pays each fellowship holder a monthly allowance for the duration of the master's degree programme.
10. The Dutch providers administer the fellowships, make logistical arrangements, and give guidance to the fellowship holders.

6.3 NFP E-learning pilot

In the future, the Netherlands Fellowship Programmes (NFP) may also award scholarships for students to follow e-learning programmes leading to a master's degree offered by higher education institutions in the Netherlands. Up to now, e-learning programmes were not included in the NFP course list because the structure of the programmes was incompatible with the current NFP rules. To date, the NFP course list has only included full-time programmes, because NFP scholarship students are expected to be available for full-time study during their stay in the Netherlands (or other place of study). However, e-learning programmes usually only require part-time participation by the student, along with a number of short residential courses where students come together

and take part in full-time training, usually lasting a couple of weeks. Another problem was that this type of programme might not provide the opportunities and meet the needs of the NFP's key target group, organizations and their mid-career employees in sub-Saharan Africa. Internet access in these countries is not always widely or easily available and is relatively expensive.

One of the aims of the pilot is to show how much of a problem the issue of Internet access really is. It is expected that the opportunity to study for a master's degree without the need to spend a number of years abroad will in fact appeal to the NFP's mid-career target group. January 2005, has seen the launch of a pilot for two e-learning programmes. A total of four fellowships have been made available for the pilot and have been allocated to the two programmes that are being used for the pilot (both received two fellowships). The programmes are the Global MPA (Master of Public Administration) at the Netherlands School of Public Administration (NSOB), and the Master of Public Health Professions Education at the University of Maastricht. If the pilot proves successful, and if more NFP fellowships will be made available for e-learning programmes in the future, the application, assessment and fellowship award procedure will be the same as with the regular master's degree programmes.

6.4 Deadlines for application

Academic application deadlines

The deadlines for admission to a master's degree programme vary and not all deadlines were known to us when compiling this brochure. If no academic admission deadline is stated in this brochure for your chosen programme, you should contact the Dutch provider directly for further information. It may occur that the provider's deadline for applying for admission to a programme is later than the NFP deadline for fellowship applications. Nevertheless, fellowship applications cannot be taken into consideration without a letter of admission to a master's degree programme.

Fellowship application deadlines

There are two fellowship application deadlines for master's degree courses. One for courses starting in the first quarter of 2006, and one for courses starting in the third quarter of 2006. Please check the list of fellowship application deadlines at the end of this section for the specific deadline set by the Netherlands embassy or consulate in your country (see also annex 3). A letter of admission should be in the candidate's possession well before the embassy's deadline for submitting fellowship applications. Therefore, candidates are strongly advised to start the application procedure for admission as early as possible.

There is a good reason why NFP deadlines are scheduled so far in advance. Candidates need time to prepare for a long stay abroad. It takes at least three months to obtain a visa, for example, and other logistical arrangements also take time.

The selection of candidates who have applied for an NFP fellowship for a master's degree programme starting in 2006 will take place in November 2005 and in May 2006. The Dutch providers will inform all candidates of their decisions towards the end of November/ beginning of December 2005 and the end of May 2006.

6.5 Master's degree programmes overview

	Next course begins	NFP academic application deadline
Agriculture, forestry and fishery		
HAS Den Bosch, University of Professional Education		
• MSc in International Horticulture	15 September 2006.	1 February 2006.
International Institute for Geo-information Science and Earth Observation (ITC)		
• Master Course in Irrigation & Drainage, executed in Bolivia in cooperation with UMSS, Cochabamba	13 February 2006.	1 September 2005.
• Master Course in Natural Resources Management (NRM.3) in six specialisation topics	18 September 2006.	31 January 2006.
• Master Course in Soil Information for Natural Resources Management, executed in Bolivia in cooperation with UMSS, Cochabamba	13 February 2006.	1 September 2005.
• Master of Science Course in Natural Resources Management (NRM.2) in six specialisation topics	18 September 2006.	31 January 2006.
• Master of Science Course in Natural Resources Management (NRM.2-JKIP) by Joint International Postgraduate Education Programme-JKIP, Iran & Netherlands	22 May 2006.	1 September 2005.
Larenstein, University of Professional Education (location Deventer)		
• Agricultural Production Chain Management - Livestock Production Systems	1 October 2006.	1 February 2006.
• Agricultural Production Chain Management - Postharvest Technology and Logistics	1 October 2006.	1 February 2006.
• Master in Training, Rural Extension and Transformation	1 October 2006.	1 February 2006.
• Master of Development - Gender and Agriculture	1 October 2006.	1 February 2006.
• Master of Development - International Agriculture	1 October 2006.	1 February 2006.
UNESCO-IHE Institute for Water Education		
• Master Programme in Limnology and Wetland Ecosystems	October 2006.	1 February 2006.
• Master Programme in Sanitary Engineering	October 2006.	1 February 2006.
• Master Programme in Water Supply Engineering	October 2006.	1 February 2006.
Utrecht University		
• MSc Animal Pathology	1 September 2006.	1 December 2005.
• MSc Laboratory Animal Sciences	1 September 2006.	1 December 2005.
• MSc Veterinary Epidemiology and Economics	1 September 2006.	1 December 2005.
Vrije Universiteit Amsterdam		
• Master Degree Programme Hydrology	1 September 2006.	1 February 2006.
Wageningen University and Research Centre		
• MSc Agricultural and Bioresource Engineering	15 August 2006.	1 February 2006.
• MSc Animal Sciences and Aquaculture	September 2006.	1 February 2006.
• MSc Food Safety	September 2006.	1 February 2006.
• MSc Food Technology	September 2006.	1 February 2006.
• MSc Forest and Nature Conservation	September 2006.	1 February 2006.
• MSc Hydrology and Water Quality	September 2006.	1 February 2006.
• MSc International Land and Water Management	September 2006.	1 February 2006.
• MSc Management of Agro-Ecological Knowledge and Social Change	September 2006.	1 February 2006.
• MSc Management, Economics and Consumer Studies	September 2006.	1 February 2006.
• MSc Nutrition and Health	September 2006.	1 February 2006.
• MSc Organic Agriculture	January 2006.	1 August 2005.
• MSc Plant Sciences	September 2006.	1 February 2006.
• MSc Soil Science	January 2006.	1 August 2005.
	September 2006.	1 February 2006.
	September 2006.	1 February 2006.
Architecture and town planning		
Institute for Housing and Urban Development Studies (IHS)		
• Master Course on Urban Management and Development (UMD3)	4 October 2006.	1 February 2006.
International Institute for Geo-information Science and Earth Observation (ITC)		
• Master Course in Geoinformatics (GFM.3) in three specialisation topics	18 September 2006.	31 January 2006.
• Master of Science Course in Geoinformatics (GFM.2)	18 September 2006.	31 January 2006.
• Master of Science Course in Geoinformatics (GFM.2-JKIP) by Joint International Postgraduate Education Programme- JIK, Iran & The Netherlands	22 May 2006.	1 September 2005.
• Master of Science Course in Geoinformatics, executed in India and the Netherlands in cooperation with IIRS, Dehra Dun	July 2006.	1 February 2006.
• Master of Science Course in Urban Management (UPLA.2) in various specialisation topics	18 September 2006.	31 January 2006.
• Master of Science Course in Urban Planning and Management (UPMAN), Joint International Master degree course, Wuhan, China and ITC, The Netherlands	2 October 2006.	1 February 2006.

	Next course begins	NFP academic application deadline
Saxion Universities of Professional Education, Deventer		
• European MSc in Real Estate Management	September 2006.	1 February 2006.
• Master of Urban and Regional Planning and Development	September 2006.	1 February 2006.
Wageningen University and Research Centre		
• MSc Geo-information Science	September 2006.	1 February 2006.
• MSc Landscape Architecture and Planning	September 2006.	1 February 2006.
• MSc Urban Environmental Management	January 2006. September 2006.	1 August 2005. 1 February 2006.

Arts and Humanities

Amsterdam School of the Arts		
• Master's Degree in Museology	1 September 2006.	1 January 2006.
Kampen Theological University		
• Master of Cross-Cultural Theology	1 September 2006.	1 March 
Leiden University		
• MA in Archaeology	September 2006.	15 January 2006.
Radboud University Nijmegen		
• Master of Arts in Intercultural Theology	September 2006.	1 January 2006.
Universiteit van Amsterdam		
• MA Programme in Discourse and Argumentation Studies	1 September 2006.	1 January 2006.
• MA Programme in English Language and Culture	1 September 2006.	1 January 2006.
• MA Programme in General Linguistics	1 September 2006.	1 January 2006.
• Research MA Programme in Linguistics	1 September 2006.	1 January 2006.
• Research MA Programme in Literary Studies	1 September 2006.	1 January 2006.
• Research MA Programme in Rhetoric, Argumentation and Philosophy	1 September 2006.	1 January 2006.
Utrecht University		
• MA Applied Ethics	1 February 2006. September 2006.	1 September 2005. 1 December 2005.
Vrije Universiteit Amsterdam		
• Contextual and Cross-Cultural Theology (Master)	28 August 2006.	31 December 2005.

Business administration and management

Delft University of Technology		
• Management of Technology	4 September 2006.	31 December 2005.
Eindhoven University of Technology		
• Msc Business Information Systems	1 April 2006. 1 September 2006. 1 December 2006.	1 August 2005. 1 December 2005. 1 May 2006.
Hanze University of Professional Education Groningen		
• Master of Business Administration	September 2006.	1 February 2006.
• MBA in International Business & Management	September 2006.	1 February 2006.

6.7 Master's degree programmes starting in 2006

Agriculture, forestry and fishery

HAS Den Bosch, University of Professional Education
Green Business School

P.O. Box 90108, 5200 MA 's-Hertogenbosch, The Netherlands
 Phone: 31 - (0)73-6923600 Fax: 31 - (0)73-6923699
 E-mail: hasdb@hasdb.nl Internet: www.hasdenbosch.nl

MSC IN INTERNATIONAL HORTICULTURE

Leading to:	Master of Science degree in International Horticulture
Course duration:	12 months
Next course begins:	15 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in agriculture/horticulture, biology or other relevant study.
Professional requirements:	Recommended.

International Institute for Geo-information Science and Earth Observation (ITC)
Education Affairs

P.O. Box 6, 7500 AA Enschede, The Netherlands
 Phone: 31 - (0)53-4874444 Fax: 31 - (0)53-4874400
 E-mail: education@itc.nl Internet: www.itc.nl

MASTER COURSE IN IRRIGATION & DRAINAGE, EXECUTED IN BOLIVIA IN COOPERATION WITH UMSS, COCHABAMBA

Leading to:	Master's degree in Irrigation and Drainage
Course duration:	11 months.
Next course begins:	13 February 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree in Earth Sciences or in a related subject.
Professional requirements:	At least 2 years of professional experience.

MASTER COURSE IN NATURAL RESOURCES MANAGEMENT (NRM.3) IN SIX SPECIALISATION TOPICS

Leading to:	Master's degree in Natural Resource Management
Course duration:	12 months.
Next course begins:	18 September 2006.
Academic application deadlines:	31 January 2006.
Educational requirements:	BSc degree from a recognized university, in a discipline relevant to the programme and/or specialisation chosen.
Professional requirements:	Several years recommended.
Other requirements:	Participants are assumed to have a reasonable working knowledge of mathematics. Some computer skills and normal stereoscopic and colour vision are recommended.

MASTER COURSE IN SOIL INFORMATION FOR NATURAL RESOURCES MANAGEMENT, EXECUTED IN BOLIVIA IN COOPERATION WITH UMSS, COCHABAMBA

Leading to:	Master's degree in Soil Information for NRM
Course duration:	11 months.
Next course begins:	13 February 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree in Earth Sciences related subject.
Professional requirements:	At least 2 years of professional experience.

MASTER OF SCIENCE COURSE IN NATURAL RESOURCES MANAGEMENT (NRM.2) IN SIX SPECIALISATION TOPICS

Leading to:	Master of Science degree in Natural Resource Management
Course duration:	18 months.
Next course begins:	18 September 2006.
Academic application deadlines:	31 January 2006.
Educational requirements:	BSc degree from a recognised university, in a discipline relevant to the programme and/or specialisation chosen.
Professional requirements:	Several years in a relevant field recommended.
Other requirements:	A reasonable working knowledge of mathematics. Some computer skills and normal stereoscopic and colour vision are recommended.

MASTER OF SCIENCE COURSE IN NATURAL RESOURCES MANAGEMENT (NRM.2-JKIP) BY JOINT INTERNATIONAL POSTGRADUATE EDUCATION PROGRAMME-JKIP, IRAN & NETHERLANDS

Leading to:	Master of Science degree in Natural Resources Management
Course duration:	18 months.
Next course begins:	22 May 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree from a recognised university in a discipline relevant to the programme and/or the specialisation chosen.
Professional requirements:	Several years in a relevant field recommended.
Other requirements:	Participants are assumed to have a reasonable working knowledge of mathematics. Some computer skills and normal stereoscopic & colour vision are recommended.

AGRICULTURAL PRODUCTION CHAIN MANAGEMENT - LIVESTOCK PRODUCTION SYSTEMS

Leading to:	Master's degree in Livestock Production Systems
Course duration:	12 months.
Next course begins:	1 October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree in agricultural science, animal production, veterinary science or related studies.
Professional requirements:	2-4 years relevant working experience.
Other requirements:	Computer literacy and proficiency in English.

AGRICULTURAL PRODUCTION CHAIN MANAGEMENT - POSTHARVEST TECHNOLOGY AND LOGISTICS

Leading to:	Master's degree in Postharvest Technology and Logistics
Course duration:	12 months.
Next course begins:	1 October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in agricultural engineering or food technology.
Professional requirements:	Relevant working experience.
Other requirements:	Employment preferably in training, extension or the management sector, computer literacy and proficiency in English.

MASTER IN TRAINING, RURAL EXTENSION AND TRANSFORMATION

Leading to:	Master's degree in Training Rural Extension and Transformation
Course duration:	12 months.
Next course begins:	1 October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree in agricultural science.
Professional requirements:	Relevant working experience.
Other requirements:	Computer literacy and proficiency in English.

MASTER OF DEVELOPMENT - GENDER AND AGRICULTURE

Leading to:	Master's degree in Gender and Agriculture
Course duration:	12 months.
Next course begins:	1 October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree in community development, agriculture home economics, nutrition, primary health care or one of the social sciences.
Professional requirements:	Relevant working experience.
Other requirements:	Computing skills, proficiency in English.

MASTER OF DEVELOPMENT - INTERNATIONAL AGRICULTURE

Leading to:	Master's degree in International Agriculture
Course duration:	12 months.
Next course begins:	1 October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree in agriculture, rural development or related studies.
Professional requirements:	Professional experience may compensate deficiencies in educational background.
Other requirements:	Basic computer skills, basic knowledge of statistical analysis.

MASTER PROGRAMME IN LIMNOLOGY AND WETLAND ECOSYSTEMS

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN SANITARY ENGINEERING

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised university.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN WATER SUPPLY ENGINEERING

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised university.
Professional requirements:	3 years of practical or research work experience.

Utrecht University

MSC ANIMAL PATHOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	DVM, BVSc, BSc in biological sciences.
Professional requirements:	1 year work experience.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC LABORATORY ANIMAL SCIENCES

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	DVM, BVSc, MD or graduate degree in biological or biomedical sciences.
Professional requirements:	1 year; experience with experimental animals.

MSC VETERINARY EPIDEMIOLOGY AND ECONOMICS

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	In general a DVM (Doctor of Veterinary Medicine) is required.
Professional requirements:	1 year work experience.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

Vrije Universiteit Amsterdam

MASTER DEGREE PROGRAMME HYDROLOGY

Leading to:	Master of Science degree in Ecohydrology, Hydrogeology
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in earth sciences, environmental sciences or equivalent as determined by the examination board.
Other requirements:	Background knowledge of mathematics, physics and chemistry.

Wageningen University and Research Centre
Student Information Desk

P.O. Box 9101, 6700 HB Wageningen, The Netherlands

MSC AGRICULTURAL AND BIORESOURCE ENGINEERING

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	15 August 2006.
Academic application deadlines:	1 February 2006.

Educational requirements:	a) BSc in agricultural or environmental engineering or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.
---------------------------	---

MSC ANIMAL SCIENCES AND AQUACULTURE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in Agriculture, biology, animal or veterinary science, fisheries or related field; GPA of 70%; good skills in mathematics/statistics.
Other requirements:	Basic computer skills; fluency in English, both written and spoken.

MSC FOOD SAFETY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in Agriculture, food or health sciences or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC FOOD TECHNOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc degree in food science and technology, food technology, food sciences, chemical engineering, biotechnology, food chemistry, food physics or related sciences; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC FOREST AND NATURE CONSERVATION

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree in forestry, nature conservation or other related environmental and social sciences; GPA of 70%; good skills in mathematics/statistics.
Other requirements:	Basic computer skills; fluency in English, both written and spoken.

MSC HYDROLOGY AND WATER QUALITY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in agricultural, natural or environmental sciences or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC INTERNATIONAL LAND AND WATER MANAGEMENT

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.

Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in biological and earth sciences, land and water management, soil science, hydrology, agriculture or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC MANAGEMENT OF AGRO-ECOLOGICAL KNOWLEDGE AND SOCIAL CHANGE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in the technical sciences, management or business studies, GPA of 70%; good skills in mathematics/statistics.
Other requirements:	Basic computer skills; fluency in English, both written and spoken.

MSC MANAGEMENT, ECONOMICS AND CONSUMER STUDIES

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in Economics or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC NUTRITION AND HEALTH

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in the agricultural, nutrition, health or related sciences; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC ORGANIC AGRICULTURE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	January 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 February 2006.
Educational requirements:	a) BSc in the agricultural sciences, social sciences, biology, economics or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC PLANT SCIENCES

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	January 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 February 2006.
Educational requirements:	a) BSc in agriculture or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC SOIL SCIENCE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.

Educational requirements: a) BSc in agriculture or related fields (agricultural engineering, soil science); b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

Architecture and town planning

Institute for Housing and Urban Development Studies (IHS)

MASTER COURSE ON URBAN MANAGEMENT AND DEVELOPMENT (UMD3)

Leading to: Master of Arts degree in Urban management and development
Course duration: 1 year.
Next course begins: 4 October 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: Bachelor's degree or equivalent.
Professional requirements: At least 3 years of work experience.
Other requirements: Evidence of sufficient command of English language.

International Institute for Geo-information Science and Earth Observation (ITC) Education Affairs

P.O. Box 6, 7500 AA Enschede, The Netherlands
Phone: 31 - (0)53-4874444 Fax: 31 - (0)53-4874400
E-mail: education@itc.nl Internet: www.itc.nl

MASTER COURSE IN GEOINFORMATICS (GFM.3) IN THREE SPECIALISATION TOPICS

Leading to: Master's degree in Geoinformatics
Course duration: 12 months.
Next course begins: 18 September 2006.
Academic application deadlines: 31 January 2006.
Educational requirements: BSc degree from a recognised university in a field related to geoinformatics.
Professional requirements: Preferably working experience in a field related to geoinformatics.
Other requirements: Good background in mathematics and computers. Stereoscopic and colour vision recommended.

MASTER OF SCIENCE COURSE IN GEOINFORMATICS (GFM.2)

Leading to: Master of Science degree in Geoinformatics
Course duration: 18 months.
Next course begins: 18 September 2006.
Academic application deadlines: 31 January 2006.
Educational requirements: BSc degree from a recognised university in a relevant field of study.
Professional requirements: Preferably working experience in a field related to geoinformatics.
Other requirements: Stereoscopic and colour vision recommended. Good knowledge of mathematics and computers.

MASTER OF SCIENCE COURSE IN GEOINFORMATICS (GFM.2-JKIP) BY JOINT INTERNATIONAL POSTGRADUATE EDUCATION PROGRAMME- JIK, IRAN & THE NETHERLANDS

Leading to: Master of Science degree in Geoinformatics
Course duration: 18 months.
Next course begins: 22 May 2006.
Academic application deadlines: 1 September 2005.
Educational requirements: BSc degree from a recognised university in a relevant field of study.

Professional requirements: Preferably working experience in a field related to geoinformatics.
Other requirements: Stereoscopic and colour vision recommended. Good knowledge of mathematics & computers.

MASTER OF SCIENCE COURSE IN GEOINFORMATICS, EXECUTED IN INDIA AND THE NETHERLANDS IN COOPERATION WITH IIRS, DEHRA DUN

Leading to: Master of Science degree in Geoinformatics
Course duration: 18 months.
Next course begins: July 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: B.E./B.Tech in civil engineering, electrical engineering, computer science, computer engineering, electronics, urban and regional planning or BSc agriculture or forestry.
Professional requirements: At least 2 years of professional experience.

MASTER OF SCIENCE COURSE IN URBAN MANAGEMENT (UPLA.2) IN VARIOUS SPECIALISATION TOPICS

Leading to: Master of Science degree in Urban Management
Course duration: 18 months.
Next course begins: 18 September 2006.
Academic application deadlines: 31 January 2006.
Educational requirements: BSc degree from a recognized university, in a discipline relevant to the programme and/or specialisation chosen. Some years experience in the field of urban planning; or land administration or infrastructure management is recommended.
Professional requirements: Stereoscopic and colour vision recommended, as well as good background in computers and mathematics.

MASTER OF SCIENCE COURSE IN URBAN PLANNING AND MANAGEMENT (UPMAN), JOINT INTERNATIONAL MASTER DEGREE COURSE, WUHAN, CHINA AND ITC, THE NETHERLANDS

Leading to: Master of Science degree in Urban Planning and Management
Course duration: 18 months.
Next course begins: 2 October 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BSc in a relevant field.
Professional requirements: Some years experience in the field of urban planning and management, but also open to BSc students who want to continue for a MSc degree.
Other requirements: Proficiency in Chinese language (some parts in China are conducted in Chinese).

Saxion Universities of Professional Education, Deventer Hospitality Business School

P.O. Box 501, 7400 AM Deventer, The Netherlands
Phone: 31 - (0)570-663789 Fax: 31 - (0)570-663628
E-mail: internationaloffice@saxion.nl Internet: www.saxion.edu

EUROPEAN MSC IN REAL ESTATE MANAGEMENT

Leading to: Master of Science degree in Real Estate Management
Course duration: 12 months.
Next course begins: September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: Bachelor's degree in real estate management, facility management, economics or architecture.

Saxion Universities of Professional Education, Deventer

School of Environmental Planning and Building

P.O. Box 501, 7400 AM Deventer, The Netherlands
Phone: 31 - (0)570-663789 Fax: 31 - (0)570-663628

E-mail: admissions@wur.nl Internet: www.wur.nl

MSC GEO-INFORMATION SCIENCE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in information and communication technology, land use planning, land and water management, forestry, geography, soil science or other related environmental or social sciences; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC LANDSCAPE ARCHITECTURE AND PLANNING

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in landscape architecture, geography, rural planning, landscape planning or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC URBAN ENVIRONMENTAL MANAGEMENT

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	January 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 February 2006.
Educational requirements:	BSc in urban studies, the environmental or social sciences or related fields; GPA of 70%; good skills in mathematics/statistics.
Other requirements:	Basic computer skills; fluency in English, both written and spoken.

Arts and Humanities

Amsterdam School of the Arts

Reinwardt Academy/Department of Museology

Phone: 31 - (0)20-5277100 Fax: 31 - (0)20-5277101
E-mail: mdp@mus.ahk.nl Internet: www.reinwardtacademie.nl

MASTER'S DEGREE IN MUSEOLOGY

Leading to:	Master's degree.
Course duration:	1.5 years.
Next course begins:	1 September 2006.
Academic application deadlines:	1 January 2006.
Educational requirements:	BSc or MSc in a relevant subject, or proven knowledge and experience in the museum field and an assessment.

Kampen Theological University

P.O. Box 5021, 8260 GA Kampen, The Netherlands
Phone: 31 - (0)38-3371600 Fax: 31 - (0)38-3371613
E-mail: awielink@mail.thuk.nl Internet: www.thuk.nl

MASTER OF CROSS-CULTURAL THEOLOGY

Leading to:	Master of Arts degree in Theology
Course duration:	1 year.
Next course begins:	1 September 2006.
Academic application deadlines:	1 March 2004.
Educational requirements:	Bachelor degree in theology or equivalent.

Leiden University

International Office

P.O. Box 9500, 2300 RA Leiden, The Netherlands

E-mail: study@io.leidenuniv.nl Internet: www.leiden.edu

MA IN ARCHAEOLOGY

Leading to:	Master of Arts degree in Archaeology
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc in Archaeology or another relevant discipline. Basic knowledge of the chosen specialization. Conversion course available for students with BA degree in another discipline (6-12 months). Also see website: www.leiden.edu .
Other requirements:	Students should indicate their thesis interest.

Radboud University Nijmegen

Faculty of Theology / Nijmegen Graduate School of Theology

P.O. Box 9103, 6500 HD Nijmegen, The Netherlands
Phone: 31 - (0)24-3612474 Fax: 31 - (0)24-3611802
E-mail: secretariaat@unie.ru.nl Internet: www.ru.nl/theologie

MASTER OF ARTS IN INTERCULTURAL THEOLOGY

Leading to:	Master of Arts degree
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 January 2006.
Educational requirements:	Bachelor's degree in Theology.
Professional requirements:	1 year of pastoral educational or spiritual experience.
Other requirements:	Theological paper of at least 5000 words.

Universiteit van Amsterdam Faculty of Humanities / Graduate School for Humanities

Spuistraat 210, 1012 VT, Amsterdam, The Netherlands
Phone: 31 - (0)20-5254481 Fax: 31 - (0)20-5253592

Internet: www.hum.uva.nl/graduateschool

MA PROGRAMME IN DISCOURSE AND ARGUMENTATION STUDIES

Leading to: Master of Arts degree.
Course duration: 12 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.
Educational requirements: Bachelor degree or the equivalent thereof in a field relevant to the programme such as linguistics, communication, or philosophy.

MA PROGRAMME IN ENGLISH LANGUAGE AND CULTURE

Leading to: Master of Arts degree.
Course duration: 12 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.
Educational requirements: The MA programme in English Language and Culture presupposes a strong background in English studies. Students are expected to have the equivalent of a Dutch Bachelor of Arts in English studies.

MA PROGRAMME IN GENERAL LINGUISTICS

Leading to: Master of Arts degree.
Course duration: 12 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.
Educational requirements: The Master's degree programme in Linguistics seeks students with a Bachelor's degree in general linguistics or an equivalent programme of at least three years of full-time study at university level.

RESEARCH MA PROGRAMME IN LINGUISTICS

Leading to: Master of Arts degree.
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.
Educational requirements: Excellent students with a Bachelor's degree in Linguistics or an equivalent programme of at least 3 years of full-time study at university level for the two-year programme.
Other requirements: Wish to enhance their knowledge of linguistic theories and are interested in the analysis of concrete problems of language structure and language use.

RESEARCH MA PROGRAMME IN LITERARY STUDIES

Leading to: Master of Arts degree.
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.
Educational requirements: BA degree or equivalent in the fields of Literary studies, European studies or language and culture or those who have obtained an equivalent level of university education.

RESEARCH MA PROGRAMME IN RHETORIC, ARGUMENTATION AND PHILOSOPHY

Leading to: Master of Arts degree.
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.

Educational requirements: Bachelor degree or equivalent in: (speech) communication, philosophy, rhetoric, and language and communication. Admission, however, is not necessarily limited to those coming from these fields.
Other requirements: Affinity with formal thinking and a keen theoretical or practical interest in the study of argumentative discourse; willingness to enhance their practical and theoretical analytical skills.

Utrecht University Ethics Institute

P.O. Box 80103, 3508 TC Utrecht, The Netherlands

BIOCHEMICAL ENGINEERING

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc (or equivalent) Chemical or Biochemical Engineering. Related fields: extra set programme to make up for Chemical Engineering deficiencies.
Professional requirements: Not obligatory but all relevant experience will be taken into account when assessing the candidates suitability for admission
Other requirements: See: www.studyat.tudelft.nl

CHEMICAL ENGINEERING

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc (or equivalent) Chemical Engineering. Related fields: extra set programme to make up for Chemical Engineering deficiencies.
Professional requirements: Not obligatory but all relevant experience will be taken into account when assessing the candidates suitability for admission
Other requirements: See: www.studyat.tudelft.nl

Delft University of Technology Faculty of Civil Engineering and Geosciences

Stevinweg 1, 2628 CN Delft, The Netherlands
Phone: 31 - (0)15-2785440 Fax: 31 - (0)15-2787966
E-mail: admission@tudelft.nl Internet: www.studyat.tudelft.nl

APPLIED EARTH SCIENCES

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme.
Other requirements: See: www.studyat.tudelft.nl

CIVIL ENGINEERING

Leading to: Master of Science degree.

Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme
Other requirements: See: www.studyat.tudelft.nl

Delft University of Technology Faculty of Electrical Engineering, Mathematics and Computer Science

P.O. Box 5031, 2600 GA Delft, The Netherlands
Phone: 31 - (0)15-2784568 Fax: 31 - (0)15-2787022
E-mail: admission@tudelft.nl Internet: www.studyat.tudelft.nl

COMPUTER ENGINEERING

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme.
Other requirements: See: www.studyat.tudelft.nl

ELECTRICAL ENGINEERING

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme.
Other requirements: See: www.studyat.tudelft.nl

Delft University of Technology Faculty of Technology, Policy and Management

P.O. Box 5015, 2600 GA Delft, The Netherlands

E-mail: admission@tudelft.nl Internet: www.studyat.tudelft.nl

ENGINEERING, POLICY ANALYSIS AND MANAGEMENT

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme.
Other requirements: See: www.studyat.tudelft.nl

Eindhoven University of Technology Department of Chemical Engineering and Chemistry

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
Phone: 31 - (0)40-2478015 Fax: 31 - (0)40-2441692
E-mail: io@tue.nl Internet: www.master.chem.tue.nl

MASTER OF SCIENCE PROGRAMME IN CHEMICAL ENGINEERING

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 April 2006; 1 September 2006; 1 December 2006.
Academic application deadlines: 1 August 2005; 1 December 2005; 1 May 2006.
Educational requirements: BSc in chemical engineering, chemistry, mechanical engineering, physics, materials engineering, polymer science and engineering, or equivalent study.
Professional requirements: none
Other requirements: Grade point average in previous study should be at least 3.0 on scale of 4.0.

Eindhoven University of Technology

Department of Electrical Engineering

P.O. Box 513, 5600 AZ Eindhoven, The Netherlands
 Phone: 31 - (0)40-2474884 Fax: 31 - (0)40-2452277
 E-mail: Office@cobra.tue.nl Internet: www.cobra.tue.nl

ELECTRICAL ENGINEERING & INFORMATION TECHNOLOGY

Leading to: Master of Science degree.
 Course duration: 2 years.
 Next course begins: 1 September 2006.
 Academic application deadlines: 1 December 2005.
 Educational requirements: BA Electrical Engineering of a Dutch university, or equivalent.

MSC PROGRAMME BROADBAND TELECOMMUNICATION TECHNOLOGIES

Leading to: Master of Science degree.
 Course duration: 2 years.
 Next course begins: 1 September 2006.
 Academic application deadlines: 1 December 2005.
 Educational requirements: Top level students with a solid background (at least BSc) in Engineering.

Eindhoven University of Technology

Department of Mathematics and Computer Science / ES

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
 Phone: 31 - (0)50-2472750 Fax: 31 - (0)50-2436685
 E-mail: tl.win@tue.nl Internet: www.tue.nl/studyprograms

MSC EMBEDDED SYSTEMS

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: 1 April 2006; 1 September 2006; 1 December 2006.
 Academic application deadlines: 1 August 2005; 1 December 2005; 1 May 2006.
 Educational requirements: BSc in computer science or electrical engineering. Sufficient knowledge of continuous and discrete mathematics.

Eindhoven University of Technology

Department of Mechanical Engineering

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
 Phone: 31 - (0)40-2475580 Fax: 31 - (0)40-2436463
 E-mail: masterme@tue.nl Internet: www.tue.nl/studyprograms

MSC PROGRAMME MECHANICAL ENGINEERING

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: 1 September 2006.
 Academic application deadlines: 1 December 2005.
 Educational requirements: BSc in mechanical engineering.

Eindhoven University of Technology

Department of Mechanical Engineering and Centre Technology for Sustainable Development

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
 Phone: 31 - (0)40-2478015 Fax: 31 - (0)40-2441692
 E-mail: io@tue.nl Internet: www.tue.nl/studyprograms

INTERDISCIPLINARY MSC SUSTAINABLE ENERGY TECHNOLOGY (SET)

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: September 2006.
 Academic application deadlines: 1 December 2005.
 Educational requirements: (University) BSc in mechanical engineering, applied physics, chemical engineering, energy technology, electrical engineering or equivalent study.

Eindhoven University of Technology

Faculty of Technology Management

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
 Phone: 31 - (0)40-2478015 Fax: 31 - (0)40-2441692
 E-mail: io@tue.nl Internet: www.tue.nl/studyprograms

MSC PROGRAMME IN HUMAN TECHNOLOGY INTERACTION

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: 1 September 2006.
 Academic application deadlines: 1 December 2005.
 Educational requirements: Bachelor's degree in engineering. Bachelor's degree in psychology, with proven professional interest in and knowledge of technology.
 Professional requirements: No professional experience required as long as candidate fulfils the educational requirements.

MSC PROGRAMME TECHNOLOGY AND POLICY

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: 1 September 2006.
 Academic application deadlines: 1 December 2005.
 Educational requirements: Bachelor's degree in engineering. Bachelor's degree in social sciences, in particular economics or sociology with proven professional interest in and knowledge of technology and innovation issues.
 Professional requirements: No professional experience required as long as candidate fulfils the educational requirements.

Eindhoven University of Technology

Faculty of Technology Management / IM

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
 Phone: 31 - (0)40-2478015 Fax: 31 - (0)40-2441692
 E-mail: io@tue.nl Internet: www.studieinfo.tue.nl/public/im

MSC PROGRAMME INNOVATION MANAGEMENT

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: 1 February 2006; 1 September 2006.
 Academic application deadlines: 1 August 2005; 1 December 2005.
 Educational requirements: BSc in engineering; BSc in business or economics.

Eindhoven University of Technology

Faculty of Technology Management / OM

P.O. Box 513, 5600 MB Eindhoven, The Netherlands
 Phone: 31 - (0)40-2478015 Fax: 31 - (0)40-2441692
 E-mail: io@tue.nl Internet: www.studieinfo.tue.nl/public/om

OPERATIONS MANAGEMENT & LOGISTICS

Leading to: Master of Science degree.
 Course duration: 24 months.
 Next course begins: 1 February 2006; 1 September 2006.
 Academic application deadlines: 15 September 2005; 1 December 2005.
 Educational requirements: BSc in engineering; BSc in business or economics.

UNESCO-IHE Institute for Water Education

Central Services

P.O. Box 3015, 2601 DA Delft, The Netherlands

MASTER PROGRAMME IN COASTAL ENGINEERING AND PORT DEVELOPMENT

Leading to: Master of Science degree.
 Course duration: 18 months.
 Next course begins: October 2006.
 Academic application deadlines: 1 February 2006.

Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN HYDRAULIC ENGINEERING AND RIVER BASIN DEVELOPMENT

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN HYDROINFORMATICS

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN HYDROLOGY

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant field from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN INTEGRATED URBAN ENGINEERING

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN LAND AND WATER DEVELOPMENT

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

University of Groningen Faculty of Mathematics and Natural Sciences / Chemistry and Chemical Engineering

P.O. Box 72, 9700 AB Groningen, The Netherlands
Phone: 31 - (0)50-3634615 Fax: 31 - (0)50-3634500
E-mail: masters@fwn.rug.nl Internet: www.rug.nl/fwn/international

MSC CHEMICAL ENGINEERING

Leading to:	Master of Science degree.
Course duration:	2 years.
Next course begins:	1 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	A good Bachelor's degree (BSc) in chemical engineering, or industrial experience.

Other requirements:	TOEFL 550 or equivalent.
---------------------	--------------------------

MSC CHEMICAL ENGINEERING (JOINT PROGRAMME WITH INSTITUT TEKNOLOGI BANDUNG, INDONESIA)

Leading to:	Master of Science degree.
Course duration:	2 years.
Next course begins:	1 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Bachelor Chemical Engineering and passed 3 semesters at Institut Teknologi Bandung.
Other requirements:	TOEFL 550 or equivalent. Willingness to follow one of the two years of the programme in Institut Teknologi Bandung, Indonesia.

University of Twente Department of Electrical Engineering

P.O. Box 217, 7500 AE Enschede, The Netherlands
Phone: 31 - (0)53-4892763 Fax: 31 - (0)53-4891065
E-mail: master@utwente.nl Internet: www.el.utwente.nl/?newlang=en

MASTER'S PROGRAMME ELECTRICAL ENGINEERING

Leading to:	Master of Science degree in Electrical Engineering
Course duration:	24 months.
Next course begins:	January 2006.
Academic application deadlines:	20 May 2005.
Educational requirements:	Bachelor's degree with honours or higher marks in electrical engineering or physics from an internationally acknowledged university.
Professional requirements:	Extensive experience may reduce the programme duration.

MASTER'S PROGRAMME MECHATRONICS

Leading to:	Master of Science degree in Mechatronics
Course duration:	24 months.
Next course begins:	August 2006.
Academic application deadlines:	1 January 2006.
Educational requirements:	Bachelor's degree with honours, or high marks in electrical engineering, (applied) physics or mechanical engineering from an internationally acknowledged university.
Professional requirements:	Not required, but extensive experience could reduce the duration of the programme.

University of Twente Faculty of Science and Technology / Chemical Engineering

P.O. Box 217, 7500 AE Enschede, The Netherlands
Phone: 31 - (0)53-4892926 Fax: 31 - (0)53-4892479
E-mail: master@utwente.nl Internet: www.utwente.nl

CHEMICAL ENGINEERING

Leading to:	Master of Science degree in Process Technology and Chemistry & Technology of Materials
Course duration:	2 years.
Next course begins:	1 September 2006.
Academic application deadlines:	1 January 2006.
Educational requirements:	BSc or BE first class in chemical engineering / chemical technology.
Professional requirements:	Professional experience may shorten the individual programme.

Environmental Science

International Institute for Geo-information Science and Earth Observation (ITC) Education Affairs

P.O. Box 6, 7500 AA Enschede, The Netherlands
Phone: 31 - (0)53-4874444 Fax: 31 - (0)53-4874400
E-mail: education@itc.nl Internet: www.itc.nl

MASTER COURSE IN WATER RESOURCES SURVEY, EXECUTED IN BOLIVIA IN COOPERATION WITH UMSS, COCHABAMBA

Leading to:	Master's degree in Water Resources Survey
Course duration:	11 months.
Next course begins:	13 February 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree in Earth Sciences related subject.
Professional requirements:	At least 2 years of professional experience.

MASTER OF SCIENCE COURSE IN WATER RESOURCES & ENVIRONMENTAL MGT. (WREM.2-JKIP), JOINT INTERNATIONAL POSTGRADUATE EDUCATION PROGRAMME JKIP-IRAN & THE NETHERLANDS

Leading to:	Master of Science degree in Water Resources & Environmental Mgt.
Course duration:	18 months.
Next course begins:	22 May 2006.
Academic application deadlines:	1 September 2005.
Educational requirements:	BSc degree from a recognized university in a discipline relevant to the programme chosen.
Professional requirements:	Several years in a relevant field recommended.
Other requirements:	Stereoscopic and colour vision recommended, as well as basic knowledge of mathematics and standard computer software.

MASTER OF SCIENCE COURSE IN WATER RESOURCES AND ENVIRONMENTAL MANAGEMENT (WREM.2) IN THREE SPECIALISATION TOPICS

Leading to:	Master of Science degree in Water Resources & Environmental Management
Course duration:	18 months.
Next course begins:	18 September 2006.
Academic application deadlines:	31 January 2006.
Educational requirements:	BSc degree from a recognised university in a discipline relevant to the programme and/or specialisation chosen.
Professional requirements:	Several years in a relevant field recommended.
Other requirements:	Stereoscopic and colour vision recommended, as well as basic knowledge of mathematics and standard computer.

Saxion Universities of Professional Education, Deventer School of Environmental Planning and Building

P.O. Box 501, 7400 AM Deventer, The Netherlands
Phone: 31 - (0)570-663789 Fax: 31 - (0)570-663628
E-mail: ibp.rom@saxion.nl Internet: www.saxion.edu

MASTER OF ENVIRONMENTAL SCIENCE

Leading to:	Master of Science degree in Environmental science
Course duration:	13 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.

Educational requirements:	Bachelor's degree in environmental science, biology, ecology, agriculture, forestry or another scientific or technical discipline, with a major in one of these disciplines. Admission is subject to an intake procedure. Course must be related.
Professional requirements:	Helpful, but not required.
Other requirements:	IELTS >= 6.0 TOEFL >= 550.

MASTER OF SCIENCE IN NATURE CONSERVATION AND BIODIVERSITY MANAGEMENT

Leading to:	Master of Science degree in Nature Conservation and Biodiversity
Course duration:	13 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Bachelor's degree in environmental science, biology, ecology, agriculture, forestry or another scientific or technical discipline but with a minor fields. Admission is subject to an intake procedure.
Professional requirements:	Helpful, but not required.
Other requirements:	IELTS > 6.0 TOEFL > 550.

UNESCO-IHE Institute for Water Education Central Services

P.O. Box 3015, 2601 DA Delft, The Netherlands
Phone: 31 - (0)15-2151715 Fax: 31 - (0)15-2122921
E-mail: info@unesco-ihe.org Internet: www.unesco-ihe.org

MASTER PROGRAMME IN ENVIRONMENTAL PLANNING AND MANAGEMENT

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN ENVIRONMENTAL SCIENCE AND TECHNOLOGY

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN WATER QUALITY MANAGEMENT

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

MASTER PROGRAMME IN WATER RESOURCES MANAGEMENT

Leading to:	Master of Science degree.
Course duration:	18 months.
Next course begins:	October 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree or equivalent qualification in a relevant subject from a recognised University.
Professional requirements:	3 years of practical or research work experience.

Universiteit van Amsterdam

Faculty of Science / Institute for Biodiversity and Ecosystem Dynamics (IBED) / Master Ecology

P.O. Box 94766, 1090 GT Amsterdam, The Netherlands
 Phone: 31 - (0)20-5257812 Fax: 31 - (0)20-5257832

 Internet: www.science.uva.nl/international_programmes

ECOLOGY

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 December 2005.
Educational requirements: Students should have a Bachelor's degree in biology, environmental sciences, physical geography, physics, mathematics and econometrics, or earth sciences. Each specialization may have its own specific requirements.

University of Twente

CSTM / TDG

Voorstraat 35, 8801 LA, Franeker, The Netherlands
 Phone: 31 - (0)517-380600 Fax: 31 - (0)517-391118
 E-mail: master@utwente.nl Internet: www.cartesius.utwente.nl/meem

MASTER OF ENVIRONMENTAL AND ENERGY MANAGEMENT (MBA)

Leading to: Master's degree.
Course duration: 52 weeks.
Next course begins: September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BSc in relevant area.
Professional requirements: Recommended.
Other requirements: Basic understanding of chemistry (high school level). Good communication skills.

Utrecht University

Faculty of Geosciences / Department Biology and Chemistry

P.O. Box 80115, 3508 TC Utrecht, The Netherlands
 Phone: 31 - (0)30-2532359
 E-mail: p.louwman@geog.uu.nl Internet: www.bio.uu.nl/opleiding-nrm

MSC NATURAL RESOURCES MANAGEMENT

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 February 2006; 1 September 2006.
Academic application deadlines: 1 September 2005; 1 December 2005.
Educational requirements: BSc in Natural Sciences with a major or minor in: Biology, or Environmental Sciences, or Earth Sciences, or Chemistry.
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

Vrije Universiteit Amsterdam

Faculty of Earth and Life Sciences / Institute for Environmental Studies (IVM)

De Boelelaan 1085, 1081 HV, Amsterdam, The Netherlands
 Phone: 31 - (0)20-5987301 Fax: 31 - (0)20-6462457
 E-mail: ellen.salome@falw.vu.nl Internet: www.falw.vu.nl

MSC ENVIRONMENT AND RESOURCE MANAGEMENT

Leading to: Master of Science degree.
Course duration: 42 weeks.
Next course begins: 16 August 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BSc or BA from a Dutch university or equivalent (at least 3 years of university study).
Other requirements: An open attitude towards other disciplines.

Wageningen University and Research Centre

Student Information Desk

P.O. Box 9101, 6700 HB Wageningen, The Netherlands
 Phone: 31 - (0)317-484223 Fax: 31 - (0)317-484464
 E-mail: admissions@wur.nl Internet: www.wur.nl

MSC EARTH SYSTEM SCIENCE

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BSc in biological or earth sciences or related fields; GPA of 70%; good skills in mathematics/statistics.
Other requirements: Basic computer skills; fluency in English, both written and spoken.

MSC ENVIRONMENTAL SCIENCES

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: a) BSc in environmental sciences or related natural, technical or social sciences; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

Fine and applied arts

Universiteit van Amsterdam

Faculty of Humanities / Graduate School for Humanities

Spuistraat 210, 1012 VT, Amsterdam, The Netherlands
 Phone: 31 - (0)20-5254481 Fax: 31 - (0)20-5253592
 E-mail: graduateschool-fgw@uva.nl
 Internet: www.hum.uva.nl/graduateschool

MA PROGRAMME IN FILM STUDIES

Leading to: Master of Arts degree.
Course duration: 12 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 January 2006.
Educational requirements: Bachelor's degree or equivalent in a relevant branch of the arts or humanities with a component of at least half a year's worth of courses in Film Studies.

Law

Erasmus University Rotterdam

School of Law

P.O. Box 1738, 3000 DR Rotterdam, The Netherlands

LL.M. PROGRAMME BUSINESS AND TRADE LAW

Leading to: LL.M.
Course duration: 1 academic year.
Next course begins: September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: Law degree or any other equivalent academic degree from a recognized university.
Professional requirements: Recommended but not necessary.

LL.M. PROGRAMME INTERNATIONAL LAW

Leading to: LL.M.
Course duration: 1 academic year.

Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Law degree or any other equivalent academic degree from a recognised university.
Professional requirements:	Recommended but not necessary.

Leiden University International Office

P.O. Box 9500, 2300 RA Leiden, The Netherlands
Phone: 31 - (0)71-5277287 Fax: 31 - (0)71-5277298
E-mail: study@io.leidenuniv.nl Internet: www.leiden.edu

MASTER OF LAWS (LL.M.) IN INTERNATIONAL AIR AND SPACE LAW

Leading to:	LL.M. in International Air and Space Law
Course duration:	1 year.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Law degree from a recognized law school, or equivalent qualifications. Also see website: www.leiden.edu.

MASTER OF LAWS (LL.M.) IN INTERNATIONAL TAXATION

Leading to:	LL.M. in International Taxation
Course duration:	1 year.
Next course begins:	Last week of August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Law degree or Master's degree in economics or business that included at least 1 substantive tax course. Also see website: www.leiden.edu.
Professional requirements:	Recommended.

MASTER OF LAWS (LL.M.) IN PUBLIC INTERNATIONAL LAW & INTERNATIONAL CRIMINAL LAW SPECIALISATION

Leading to:	LL.M.
Course duration:	1 year.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Law degree. Also see website: www.leiden.edu.

MASTER'S PROGRAMME IN LAW, GOVERNANCE AND DEVELOPMENT

Leading to:	Diploma Master of Law, Governance and Development
Course duration:	1 year.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	See website: www.leiden.edu
Other requirements:	See website: www.leiden.edu

Radboud University Nijmegen Faculty of Law / Pallas

Wenckebachweg 210, 1096 AS, Amsterdam, The Netherlands
Phone: 31 - (0)20-5540323 Fax: 31 - (0)20-5540303

LL.M. EUROPEAN LAW

Leading to:	LL.M.
-------------	-------

Course duration:	12 months.
Next course begins:	4 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	LL.B. or equivalent.
Other requirements:	Letter of motivation; two academic references; TOEFL 237/550 + TWE 4.5 or IELTS 6.5; GPA 2.75/4; 3.515; 7/10; 70/100.

LL.M. INTERNATIONAL & COMPARATIVE PRIVATE LAW

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	4 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	LL.B. or equivalent.
Other requirements:	Letter of motivation; two academic references; TOEFL 237/550 + TWE 4.5 or IELTS 6.5; GPA 2.75/4; 3.515; 7/10; 70/100.

LL.M. INTERNATIONAL ECONOMIC & BUSINESS LAW

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	4 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	LL.B. or equivalent.
Other requirements:	Letter of motivation; two academic references; TOEFL 237/550 + TWE 4.5 or IELTS 6.5; GPA 2.75/4; 3.515; 7/10; 70/100.

LL.M. INTERNATIONAL LAW & THE LAW OF INTERNATIONAL ORGANISATIONS

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	4 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	LL.B. or equivalent.
Other requirements:	Letter of motivation; two academic references; TOEFL 237/550 + TWE 4.5 or IELTS 6.5; GPA 2.75/4; 3.515; 7/10; 70/100.

LL.M. COMPARATIVE PUBLIC LAW AND GOOD GOVERNANCE

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	Graduates in law, admission is based on merit as assessed by the admission board.
Professional requirements:	Some practical experience is recommended.
Other requirements:	Criteria include grade levels, motivations and references. Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

LL.M. INTERNATIONAL AND EUROPEAN PROTECTION OF HUMAN RIGHTS

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	Applicants must hold a Bachelor's degree in Law, or a comparable qualification, admission is based on merit as assessed by the admission board.
Other requirements:	Applicants will be selected on merit: criteria include grades obtained during undergraduate law studies; any relevant professional experience; the applicant's motivation; and references

LL.M. INTERNATIONAL AND/OR EUROPEAN LAW

Leading to:	LL.M.
Course duration:	12 months
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	Applicants must hold a Bachelor's degree in Law, or a comparable qualification.
Professional requirements:	Some practical experience is recommended.
Other requirements:	Basic knowledge of general public international law and of European Union law. Criteria include grade levels, motivations and references.

LL.M. INTERNATIONALIZATION OF CRIME AND CRIMINAL JUSTICE

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	Graduates in law; admission is based on merit as assessed by the admission board.
Professional requirements:	Some practical experience is recommended.
Other requirements:	Basic knowledge of their own system of criminal justice and public international law. Criteria include grade levels, motivations and references. Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

LL.M. LAW AND ECONOMICS

Leading to:	LL.M.
Course duration:	12 months.
Next course begins:	September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	Graduates in law or economics, political science or sociology; admission is based on merit as assessed by the admission board.
Professional requirements:	Some practical experience is recommended.
Other requirements:	Criteria include grade levels, motivations and references. Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

APPLIED MATHEMATICS

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	4 September 2006.
Academic application deadlines:	31 December 2005.
Educational requirements:	BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme.
Other requirements:	See: www.studyat.tudelft.nl

COMPUTER SCIENCE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	4 September 2006.
Academic application deadlines:	31 December 2005.
Educational requirements:	BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme
Other requirements:	See: www.studyat.tudelft.nl

MEDIA AND KNOWLEDGE ENGINEERING

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	4 September 2006.
Academic application deadlines:	31 December 2005.
Educational requirements:	BSc degree (or equivalent) of a high quality and level. The main subject of the BSc study should match the envisaged TU Delft MSc-programme
Other requirements:	See: www.studyat.tudelft.nl

Eindhoven University of Technology
 Department of Mathematics and Computer Science / CSE

P.O. Box 513, 5600 MB Eindhoven, The Netherlands

MASTER OF SCIENCE COURSE IN HAZARD AND RISK ANALYSIS, EXECUTED IN INDIA AND THE NETHERLANDS IN COOPERATION WITH IIRS, DEHRA DUN

Leading to:	Master of Science degree in Hazard and Risk Analysis
-------------	--

Course duration:	18 months.
Next course begins:	July 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	B.Tech in civil engineering, electrical engineering, computer engineering, electronics, urban & regional planning, or BSc agriculture/forestry.
Professional requirements:	At least 2 years of professional experience.

Leiden University
 International Office

P.O. Box 9500, 2300 RA Leiden, The Netherlands
 Phone: 31 - (0)71-5277287 Fax: 31 - (0)71-5277298
 E-mail: study@io.leidenuniv.nl Internet: www.leiden.edu

MSC IN ICT IN BUSINESS

Leading to:	Master of Science degree.
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	1 March 2006.
Educational requirements:	BA degree in Computer Science or closely related field. See also: www.leiden.edu
Other requirements:	IELTS 6.5 or TOEFL 570/230.

MSC IN MATHEMATICS

Leading to:	Master of Science degree in Mathematics
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc in Mathematics or equivalent. Also see website: www.leiden.edu .
Other requirements:	GRE general test, GRE subject test in mathematics. Good academic results.

University of Twente
 Faculty of Electrical Engineering, Mathematics and Computer Science (EEMCS) / Department of Applied Mathematics

MASTER OF SCIENCE IN APPLIED MATHEMATICS, TRACK ENGINEERING MATHEMATICS

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 September 2006; introduction 22 August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc in mathematics, physics or engineering, or equivalent qualification, with a Grade Point Average of at least 75%.
Other requirements:	High level of motivation and commitment.

MASTER OF SCIENCE IN APPLIED MATHEMATICS, TRACK FINANCIAL ENGINEERING

Leading to:	Master of Science degree
Course duration:	24 months.
Next course begins:	1 September 2006; introduction: 22 August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc or its equivalent in mathematics, statistics, engineering or (mathematical) economics, with a Grade Point Average of at least 75%.
Other requirements:	High level of motivation and commitment.

MASTER OF SCIENCE IN APPLIED MATHEMATICS, TRACK OPERATIONS RESEARCH AND STATISTICS

Leading to:	Master of Science degree.
Course duration:	24 months.

Next course begins:	1 September 2006; introduction 22 August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc in Mathematics, physics or engineering or equivalent qualification, with a Grade Point Average of at least 75%.
Other requirements:	High level of motivation and commitment.

University of Twente

Faculty of Electrical Engineering, Mathematics and Computer Science (EEMCS) / Department of Computer Science

MASTER OF SCIENCE IN BUSINESS INFORMATION TECHNOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree, computer science, information management, industrial engineering, business information technology.

MASTER OF SCIENCE IN COMPUTER SCIENCE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc degree, computer science, information management, industrial engineering, business information technology.

MASTER OF SCIENCE IN HUMAN MEDIA INTERACTION

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in computer science or in cognitive science.

MASTER OF SCIENCE IN TELEMATICS

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc Computer Science or BSc Electrical Engineering.

Utrecht University

Faculty of Mathematics and Computer Science / AS / Institute of Information and Computing Science

P.O. Box 80010, 3508 TA Utrecht, The Netherlands
 Phone: 31 - (0)30-2531454 Fax: 31 - (0)30-2511935
 E-mail: gerard@cs.uu.nl Internet: www.cs.uu.nl/groups/ad/as.html

MSC ALGORITHMIC SYSTEMS

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in Computer Science or HBO-I diploma in Computer Science or a related subject.
Other requirements:	Analytical thinking skills and an interest in modelling and designing.

Utrecht University

Faculty of Mathematics and Computer Science / CKE / Institute of Information and Computing Science

P.O. Box 80010, 3508 TA Utrecht, The Netherlands
 Phone: 31 - (0)30-2531454 Fax: 31 - (0)30-2513791
 E-mail: hansv@cs.uu.nl Internet: www.cs.uu.nl/bama/

MSC CONTENT AND KNOWLEDGE ENGINEERING

Leading to:	Master of Science degree in Information Science
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	Bachelor of Science with a strong component in information science.

Utrecht University

Faculty of Mathematics and Computer Science / Mathematical Institute

P.O. Box 80010, 3508 TA Utrecht, The Netherlands
 Phone: 31 - (0)30-2531430 Fax: 31 - (0)30-2518394
 E-mail: ruijgrok@math.uu.nl
 Internet: www.uu.nl (studying, international master programm)

MSC APPLIED AND FUNDAMENTAL MATHEMATICS

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	Bachelor of Science in mathematics/ Bachelor of Science with a strong mathematics component.

Medical and health sciences

Erasmus University Rotterdam

Netherlands Institute for Health Sciences (Nihes)

P.O. Box 738, 3000 DR Rotterdam, The Netherlands
 Phone: 31 - (0)10-4088149 Fax: 31 - (0)10-4089382
 E-mail: info@nihes.nl Internet: www.nihes.nl

MASTER IN HEALTH SCIENCES

Leading to:	Master of Arts degree in Epidemiology, Health Services Research, Public Health
Course duration:	44 weeks.
Next course begins:	7 August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	University degree in medicine, biology, pharmacology, veterinary medicine, dentistry, health sciences, (bio)statistics.
Professional requirements:	Research experience (recommended).

Hogeschool van Amsterdam

Institute for Occupational Therapy/Ergotherapy - Academy for European Master Degree Study in Occupational Therapy

P.O. Box 2557, 1000 CN Amsterdam, The Netherlands
 Phone: 31 - (0)20-6521271 Fax: 31 - (0)20-6521141
 E-mail: a.kinebanian@hva.nl Internet: www.ergo.hva.nl/masters/

EUROPEAN MASTER OF SCIENCE IN OCCUPATIONAL THERAPY

Leading to:	Master of Science degree in Occupational Therapy
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	15 February.

Educational requirements:	Bachelor's degree from an Occupational Therapy School approved by the World Federation of Occupational Therapists (WFOT). Students with a bachelor's degree and proof of at least 15 ECTS in scientific methodology, can be admitted to this master of science programme directly after their bachelor study.
Professional requirements:	2 years experience as occupational therapist.
Other requirements:	Access to Internet and E-mail.

KIT (Royal Tropical Institute) Development, Policy and Practice

P.O. Box 95001, 1090 HA Amsterdam, The Netherlands
Phone: 31 - (0)20-5688306 Fax: 31 - (0)20-5688409
E-mail: gender@kit.nl Internet: www.kit.nl

MASTER OF PUBLIC HEALTH (INTERNATIONAL COURSE IN HEALTH DEVELOPMENT)

Leading to:	Master's degree in Public Health
Course duration:	12 months.
Next course begins:	25 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Bachelor degree or equivalent in a relevant field, for example, medicine, nursing, social science, behavioural science, environmental health, physiotherapy. Equivalent is defined as successful completion of 4 years professional education.
Professional requirements:	At least 2 years of management experience in health care in a developing country.

Leiden University International Office

P.O. Box 9500, 2300 RA Leiden, The Netherlands
Phone: 31 - (0)71-5277287 Fax: 31 - (0)71-5277298
E-mail: study@io.leidenuniv.nl Internet: www.leiden.edu

MSC IN BIOMEDICAL SCIENCES

Leading to:	Master of Science degree in Biomedical Sciences
Course duration:	2 years
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	A relevant BSc, Pre med, or BA with relevant coursework. Also see website: www.leiden.edu.

MSC IN BIO-PHARMACEUTICAL SCIENCES

Leading to:	Master of Science degree in Bio-Pharmaceutical Sciences
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc or equivalent in pharmaceutical sciences or pharmacy, (bio) chemistry, (medical) biology, biomedical sciences. Also see website: www.leiden.edu.
Other requirements:	GRE general test, GRE subject test or related discipline.

MSC IN PSYCHOLOGY: HEALTH PSYCHOLOGY

Leading to:	Master of Science degree in Health Psychology
Course duration:	1 year.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BA psychology, MA psychology, MD, MA other relevant field. Also see website: www.leiden.edu.

Universiteit Maastricht Faculty of Health Sciences / MPH

P.O. Box 616, 6200 MD Maastricht, The Netherlands
Phone: 31 - (0)43-3881552 Fax: 31 - (0)43-3614421

MASTER OF PUBLIC HEALTH DEGREE

Leading to:	Master of Arts degree
Course duration:	1 year.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Master's degree in a relevant discipline or Bachelor's degree in combination with relevant work experience.
Professional requirements:	2 years in a public health related agency.

University Medical Centre St. Radboud Department of Ethics, Philosophy and History of Medicine

P.O. Box 9101, 6500 HB Nijmegen, The Netherlands
Phone: 31 - (0)24-3615320 Fax: 31 - (0)24-3540254
E-mail: n.steinkamp@efg.umcn.nl Internet: www.masterbioethics.com

EUROPEAN MASTER IN BIOETHICS

Leading to:	Master of Arts degree.
Course duration:	2 years.
Next course begins:	March 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 January 2006.
Educational requirements:	Master's degree in either: medical sciences, philosophy, nursing studies, theology, law, health care management.
Professional requirements:	3-10 years health care.
Other requirements:	Working experience in a health care setting.

Utrecht University Academic Biomedical Centre (ABC)

P.O. Box 80163, 3508 TD Utrecht, The Netherlands
Phone: 31 - (0)30-2538759
E-mail: info@abc.uu.nl Internet: www.abc.uu.nl

MSC BIOLOGY OF DISEASE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in biomedical sciences, chemical sciences, biological sciences or Medical Biology.
Other requirements:	Courses in (patho)physiology, pathology, histology, cell biology, practical experience in laboratory animal use.

MSC BIOMEDICAL IMAGE SCIENCES

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	BSc with a Major in Mathematics, Computer Science, Physics, Electrical Engineering, or Biomedical Sciences.

MSC IN IMMUNITY AND INFECTION

Leading to:	Master of Science degree in Biomedical Sciences
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in biology, chemistry, biomedical or life sciences, pharmacy, (veterinary) medicine including a course in immunology and microbiology. Bachelors from outside Utrecht University will be admitted on an individual basis.

Other requirements: A basic knowledge not only of immunology and microbiology, but also of molecular biology, biochemistry, cell biology and bio-statistics. Practical experience of the biochemical, microscopical and molecular cloning methods used to investigate these processes.

Utrecht University Faculty of Pharmaceutical Sciences

P.O. Box 80082, 3508 TB Utrecht, The Netherlands
Phone: 31 - (0)30-2536958 Fax: 31 - (0)30-2536655

MASTER DEGREE PROGRAMME BIOMEDICAL SCIENCES

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BSc in biomedical sciences or equivalent.

MASTER DEGREE PROGRAMME BIOMOLECULAR SCIENCES / CELL BIOLOGY

Leading to: Master of Science degree in Biomolecular Sciences / Cell Biology
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 February 2006.
Educational requirements: BSc in biology or biomedical sciences or any other relevant Bachelor's degree, for instance (bio)chemistry or (bio)physics.

Natural sciences

Delft University of Technology Faculty of Applied Sciences

P.O. Box 5046, 2600 GA Delft, The Netherlands

APPLIED PHYSICS

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 31 December 2005.
Educational requirements: BSc (or equivalent) Applied or Engineering Physics of high level. Other mathematics, science or engineering disciplines: extra Physics modules.
Professional requirements: Not obligatory but all relevant experience will be taken into account when assessing the candidates suitability for admission.
Other requirements: See: www.studyat.tudelft.nl

LIFE SCIENCE & TECHNOLOGY

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 4 September 2006.
Academic application deadlines: 15 January 2006.
Educational requirements: BSc (or equivalent) Biochemical or Chemical Engineering, Pharmaceutical Sciences, Molecular Biology, Bioinformatics, Biophysics, (Bio)chemistry.
Professional requirements: Not obligatory but all relevant experience will be taken into account when assessing the candidates suitability for admission
Other requirements: See: www.studyat.tudelft.nl

International Institute for Geo-information Science and Earth Observation (ITC) Education Affairs

P.O. Box 6, 7500 AA Enschede, The Netherlands
Phone: 31 - (0)53-4874444 Fax: 31 - (0)53-4874400
E-mail: education@itc.nl Internet: www.itc.nl

MASTER OF SCIENCE COURSE IN APPLIED EARTH SCIENCES (AES.2) IN FOUR SPECIALISATION TOPICS

Leading to: Master of Science degree in Applied Earth Sciences
Course duration: 18 months.
Next course begins: 18 September 2006.
Academic application deadlines: 31 January 2006.
Educational requirements: BSc degree from a recognized university in one of the earth sciences or other discipline relevant to the application field.
Professional requirements: Several years recommended.
Other requirements: Preferably a good working experience in computer handling of data, and good stereoscopic and colour vision.

Leiden University International Office

P.O. Box 9500, 2300 RA Leiden, The Netherlands
Phone: 31 - (0)71-5277287 Fax: 31 - (0)71-5277298
E-mail: study@io.leidenuniv.nl Internet: www.leiden.edu

MSC IN BIOLOGY: BIODIVERSITY AND NATURAL PRODUCTS

Leading to: Master of Science degree in Biodiversity and Natural Products
Course duration: 2 years.
Next course begins: September 2006.
Academic application deadlines: 15 January 2006.
Educational requirements: Degree in chemistry, biochemistry, biology or pharmacology. GRE test and subject test. Also see website: www.leiden.edu.

MSC IN BIOLOGY: MOLECULAR AND CELLULAR BIOLOGY

Leading to: Master of Science degree in Molecular and Cellular Biology
Course duration: 2 years.
Next course begins: September 2006.
Academic application deadlines: 15 January 2006.
Educational requirements: BSc in Biology, Biochemistry and/or closely related discipline. Also see website: www.leiden.edu.

Other requirements: GRE general test, GRE subject in test in biochemistry, cell and molecular biology. Good academic results (75% of the maximum scale or higher) and proficiency in English.

MSC IN BIOLOGY: SUSTAINABILITY AND BIODIVERSITY

Leading to: Master of Science degree in Sustainability and Biodiversity
Course duration: 2 years.
Next course begins: September 2006.
Academic application deadlines: 15 January 2006.

Educational requirements:	BSc degree. Also see website: www.leiden.edu .
Other requirements:	GRE test plus GRE subject related test.

MSC IN CHEMISTRY

Leading to:	Master of Science degree in Chemistry
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc or equivalent in Chemistry and/or closely related science. Also see website: www.leiden.edu .
Other requirements:	GRE general test, GRE subject test in chemistry.

MSC IN EVOLUTIONARY AND ECOLOGICAL SCIENCES

Leading to:	Master of Science degree in Evolutionary and Ecological Sciences
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc in Biology. Also see website: www.leiden.edu .
Other requirements:	GRE general test, GRE subject test in biology. Good academic results (75% of the maximum scale or higher).

MSC IN PHYSICS

Leading to:	Master of Science degree in Physics
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	BSc in Physics and/or closely related discipline. Also see website: www.leiden.edu .
Other requirements:	GRE general test, GRE subject test in physics. Good academic results (75% of the maximum scale or higher).

MSC LIFE SCIENCE & TECHNOLOGY

Leading to:	Master of Science degree in Life Science & Technology
Course duration:	2 years.
Next course begins:	September 2006.
Academic application deadlines:	1 March 2006.
Educational requirements:	See website: www.leiden.edu
Other requirements:	IELTS 6.0 or TOEFL 550/213.

Universiteit van Amsterdam
Faculty of Science / CMS

Valckenierstrat 65, 1018 XE, Amsterdam, The Netherlands

 E-mail: sprik@science.uva.nl
 Internet: www.science.uva.nl/international_programmes

CONDENSED MATTER SCIENCE

Leading to:	Master of Science degree in Condensed Matter Science
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	BSc in physics or chemistry (or equivalent).

Universiteit van Amsterdam
Faculty of Science / Institute for Biodiversity and Ecosystem Dynamics (IBED)

P.O. Box 94766, 1090 GT Amsterdam, The Netherlands
 Phone: 31 - (0)20-5256284 Fax: 31 - (0)20-5255402
 E-mail: vonk@science.uva.nl
 Internet: www.science.uva.nl/international_programmes/

SYSTEMATIC AND EVOLUTIONARY BIOLOGY

Leading to:	Master of Science degree in Systematic and Evolutionary Biology
Course duration:	24 months.

Next course begins:	1 September 2006.
Academic application deadlines:	1 December 2005.
Educational requirements:	BSc degree in biology, zoology or botany.
Other requirements:	Chemistry and mathematics in BSc curriculum is recommended.

Utrecht University
Faculty of Biology / Animal Biology

P.O. Box 80083, 3508 TB Utrecht, The Netherlands
 Phone: 31 - (030)-2539989
 E-mail: c.m.jansen@bio.uu.nl Internet: www.bio.uu.nl/animalbiology

MSC ANIMAL BIOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in Biology, with a component of at least 15 ECTS on level 3 (third year courses) in Animal Biology. The level of a foreign BSc-degree will be evaluated according to the Nuffic evaluation criteria.
Other requirements:	Additional entrance requirements may be requested by the admissions committee.

Utrecht University
Faculty of Biology / Plant Biology

Sorbonnelaan 16, 3584 CA, Utrecht, The Netherlands
 Phone: 31 - (0)30-2536887
 E-mail: c.m.j.pieterse@bio.uu.nl Internet: www.bio.uu.nl/plantbiology

MSC PLANT BIOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in Biology, with a component of at least 15 ECTS on level 3 (third year courses) in Plant Biology. The level of a foreign BSc degree will be evaluated according to the Nuffic evaluation criteria.
Other requirements:	Additional entrance requirements may be requested by the admissions committee.

Utrecht University
Faculty of Chemistry / School of Chemical Sciences

P.O. Box 80083, 3508 TB Utrecht, The Netherlands

 E-mail: master@chem.uu.nl
 Internet: www.bio.uu.nl/biomolecularsciences

MSC BIOMOLECULAR SCIENCES

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in Biomedical Sciences, Chemical Sciences or Biological Sciences (or an equivalent qualification) and a basic knowledge of molecular cell biology and molecular genetics.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

Utrecht University

Faculty of Geosciences / Department Earth Sciences

P.O. Box 80021, 3508 TA Utrecht, The Netherlands
 Phone: 31 - (0)30-2535050 Fax: 31 - (0)30-2535030
 E-mail: mscinfo@geo.uu.nl Internet: www.geo.uu.nl/

MSC BIOGEOLOGY

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 February 2006; 1 September 2006.
Academic application deadlines: 1 September 2005; 1 December 2005.
Educational requirements: BSc in Earth Sciences with emphasis on biogeology, or BSc in biology with emphasis on biogeology.
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC GEOCHEMISTRY

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 February 2006; 1 September 2006.
Academic application deadlines: 1 September 2005; 1 December 2005.
Educational requirements: BSc in Earth Sciences with emphasis on geochemistry, or BSc with strong chemical component.
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC GEOLOGY

Leading to: Master of Science degree in Earth Sciences
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 December 2005.
Educational requirements: BSc in Earth Sciences, or BSc in any of the natural sciences with basic knowledge of geology.
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC GEOPHYSICS

Leading to: Master of Science degree in Earth Sciences
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 December 2005.
Educational requirements: a BSc in Geophysics, a BSc in Physics or a BSc in Geology with a strong background in mathematics and physics
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

Utrecht University

Faculty of Geosciences / Department Human Geography and Planning

P.O. Box 80115, 3508 TC Utrecht, The Netherlands
 Phone: 31 - (0)30-2534527 Fax: 31 - (0)30-2540604
 E-mail: s.geertman@geo.uu.nl Internet: www.msc-gima.uu.nl

MSC GEOGRAPHICAL INFORMATION MANAGEMENT AND APPLICATIONS

Leading to: Master of Science degree in Geographical Sciences
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 December 2005.
Educational requirements: Bachelor's degree in Geo-sciences or another relevant field of science and have basic knowledge of and experience in geo-information.
Other requirements: Practical experience in this field is an advantage.

Utrecht University

Faculty of Geosciences / Department Innovation and Environmental Sciences

P.O. Box 80115, 3508 TC Utrecht, The Netherlands
 Phone: 31 - (0)30-2532359 Fax: 31 - (0)30-2532746

MSC SUSTAINABLE DEVELOPMENT

Leading to: Master of Science degree in Environmental Sciences
Course duration: 24 months.
Next course begins: 1 February 2006; 1 September 2006.
Academic application deadlines: 1 September 2005; 1 December 2005.
Educational requirements: BSc in a natural, technical or environmental science and a related Bachelor's degree (in case track environmental policy and management). See website!

Utrecht University

Faculty of Geosciences / Department Physical Geography

MSC HYDROLOGY

Leading to: Master of Science degree in Earth Sciences
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 December 2005.
Educational requirements: Bachelor of Science (earth sciences, natural sciences, physics, physical geography).
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC PHYSICAL GEOGRAPHY

Leading to: Master of Science degree in Earth Sciences
Course duration: 24 months.
Next course begins: 1 September 2006.
Academic application deadlines: 1 December 2005.
Educational requirements: Bachelor of Science (earth sciences, natural sciences, physics, physical geography).
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

Utrecht University

Faculty of Physics and Astronomy / Julius School of Physics and Astronomy

Leuvenlaan 4, 3584 CE, Utrecht, The Netherlands
 Phone: 31 - (0)30-2534214 Fax: 31 - (0)30-2535787
 E-mail: admission@phys.uu.nl Internet: www1.phys.uu.nl/masters

MSC CHEMISTRY AND PHYSICS

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 February 2006; 1 September 2006.
Academic application deadlines: 1 September 2005; 1 December 2005.
Educational requirements: BSc in physics or chemistry or equivalent science major.
Other requirements: Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC EXPERIMENTAL PHYSICS

Leading to: Master of Science degree.
Course duration: 24 months.
Next course begins: 1 February 2006; 1 September 2006.
Academic application deadlines: 1 September 2005; 1 December 2005.

Educational requirements:	BSc in physics or equivalent science major.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC HISTORY AND PHILOSOPHY OF SCIENCE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in science and minor in history or philosophy, or BSc in history or philosophy and minor in science.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC METEOROLOGY, PHYSICAL OCEANOGRAPHY AND CLIMATE

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in physics or equivalent science major.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MSC THEORETICAL PHYSICS

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in Physics.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

Utrecht University
 Faculty of Veterinary Medicine / Office for International Cooperation

 Phone: 31 - (0)30-2532116 Fax: 31 - (0)30-2531815
 E-mail: bic@vet.uu.nl Internet: www.vet.uu.nl

MSC TOXICOLOGY AND ENVIRONMENTAL HEALTH

Leading to:	Master of Science degree in Biomedical Sciences
Course duration:	24 months.
Next course begins:	1 February 2006; 1 September 2006.
Academic application deadlines:	1 September 2005; 1 December 2005.
Educational requirements:	BSc in (bio)medical sciences.
Other requirements:	Proficiency in English at level of IELTS 6.5, TOEFL computer based 237, TOEFL paper based 580 or equivalent.

MASTER DEGREE PROGRAMME EARTH SCIENCES

Leading to:	Master of Science degree in Earth Sciences
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in earth sciences or BSc in geology.

MASTER DEGREE PROGRAMME GEO-ENVIRONMENTAL SCIENCES

Leading to:	Master of Science degree in Geo-ecosystems and Climate
Course duration:	24 months.

Next course begins:	1 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	Bachelor's degree in Earth Sciences, (Bio) geology, or Environmental Sciences, Mathematics, physics and chemistry background required. Examination Board assesses credentials and sets additional requirements where appropriate.

Vrije Universiteit Amsterdam
 Faculty of Earth and Life Sciences / School for Life Sciences

De Boelelaan 1085, 1081 HV, Amsterdam, The Netherlands

MASTER DEGREE PROGRAMME BIOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	1 September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BSc in biology or equivalent.

Wageningen University and Research Centre
 Student Information Desk

P.O. Box 9101, 6700 HB Wageningen, The Netherlands
 Phone: 31 - (0)317-484223 Fax: 31 - (0)317-484464
 E-mail: admissions@wur.nl Internet: www.wur.nl

MSC BIOINFORMATICS

Leading to:	Master of Science degree.
Course duration:	24 months
Next course begins:	January 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 February 2006.
Educational requirements:	a) BSc in chemistry, biology, plant science, animal science, molecular science, food science or related fields; b) a Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC BIOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in chemistry, biology, animal science, plant science or related fields; b) a Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC BIOTECHNOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	January 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 February 2006.
Educational requirements:	a) BSc in biotechnology, chemistry, biology, chemical engineering, plant science, molecular science, food science or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC METEOROLOGY AND AIR QUALITY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.

Educational requirements:	BSc in the agricultural, natural or environmental sciences or related fields; GPA of 70%; good skills in mathematics/statistics.
Other requirements:	Basic computer skills; fluency in English, both written and spoken.

MSC MOLECULAR SCIENCES

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	September 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	a) BSc in natural, molecular or related sciences; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MSC PLANT BIOTECHNOLOGY

Leading to:	Master of Science degree.
Course duration:	24 months.
Next course begins:	January 2006; September 2006.
Academic application deadlines:	1 August 2005; 1 February 2006.
Educational requirements:	a) BSc in the agricultural sciences, life sciences or related fields; b) A Grade Point Average (GPA) of at least 70%; c) good skills in mathematics and/or statistics; d) fluency in English, both written and spoken; e) basic computer skills.

MASTER OF ARTS IN INTERNATIONAL HOSPITALITY MANAGEMENT

Leading to:	Master of Arts degree in International Hospitality Management
Course duration:	12 months.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Bachelor's degree, preferably in economics, business studies, hospitality, leisure or tourism.
Professional requirements:	Not required, but preferred.
Other requirements:	Intake meeting, TOEFL (at least 550 paper-based) or IELTS 6.0.

MASTER OF ARTS IN INTERNATIONAL SERVICE MANAGEMENT

Leading to:	Master of Arts degree in International Service Management
Course duration:	12 months.
Next course begins:	August 2006.
Academic application deadlines:	15 January 2006.
Educational requirements:	Bachelor's degree, preferably in economics, business studies or service management.
Professional requirements:	Not required, but highly preferred.
Other requirements:	Intake meeting, TOEFL (at least 550 paper-based) or IELTS 6.0.

MSC LEISURE, TOURISM AND ENVIRONMENT

Leading to:	Master of Science degree in Leisure, Tourism and Environment
Course duration:	24 months.
Next course begins:	Mid-August 2006.
Academic application deadlines:	1 February 2006.
Educational requirements:	BA or BSc in leisure studies, in a leisure related field (such as tourism), or in one of the social, cultural or spatial sciences. Grade Point Average 70%. English proficiency, minimum score (TOEFL 550).
Professional requirements:	Preference is given to applicants with work experience in the field. Work experience may result in exemption from internship.
Other requirements:	Individual assessment by Admission Committee based on academic record and work experience. A letter of recommendation by the university of origin or by the employer and statement of motivation are also required.

Social and behavioural sciences

Institute of Social Studies (ISS)

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN ECONOMICS OF DEVELOPMENT (ECD)

Leading to: Master of Arts degree in Economics of Development
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in economics, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.
 Other requirements: Working knowledge of statistics and mathematics.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN GOVERNANCE AND DEMOCRACY (G&D)

Leading to: Master of Arts degree in Governance and Democracy
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN HUMAN RESOURCES AND EMPLOYMENT (HRE)

Leading to: Master of Arts degree in Human Resources and Employment
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN HUMAN RIGHTS, DEVELOPMENT AND SOCIAL JUSTICE (HDS)

Leading to: Master of Arts degree in Human Rights, Development and Social Justice
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN INTERNATIONAL POLITICAL ECONOMY AND DEVELOPMENT (IPED)

Leading to: Master of Arts degree in International Political Economy and Development
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in economics/social science, at least class 2.2 or B.
 Professional requirements: 2 years in a relevant position.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN LOCAL AND REGIONAL DEVELOPMENT (LRD)

Leading to: Master of Arts degree in Local and Regional Development
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN POLITICS OF ALTERNATIVE DEVELOPMENT (PAD)

Leading to: Master of Arts degree in Politics of Alternative Development
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN POPULATION, POVERTY AND SOCIAL DEVELOPMENT (PPSD)

Leading to: Master of Arts degree in Population, Poverty and Social Development
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN PUBLIC POLICY AND MANAGEMENT (PPM)

Leading to: Master of Arts degree in Public Policy and Management
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN RURAL LIVELIHOODS AND GLOBAL CHANGE (RLGC)

Leading to: Master of Arts degree in Rural Livelihoods and Global Change
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

MASTER OF ARTS IN DEVELOPMENT STUDIES: MAJOR IN WOMEN, GENDER, DEVELOPMENT (WGD)

Leading to: Master of Arts degree in Women, Gender and Development
 Course duration: 15.5 months.
 Next course begins: 4 September 2006.
 Academic application deadlines: 15 January 2006.
 Educational requirements: BA degree in a relevant field of study, with at least class 2.2, B or equivalent.
 Professional requirements: 2 years.

International Seminar on Port Management	25	Children, Health and Well-Being: A Cultural Perspective	34
Short Course in Applied Groundwater Modelling	27	Culture, Psychology and Psychiatry	32
Short Course in Aquatic Ecosystems: Processes and Applications	22	Gender, Reproductive and Sexual Health and Fertility	32
Short Course in Cleaner Production and the Water Cycle	29	Social, Cultural and Historical Dimensions of Infectious Disease	32
Short Course in Decentralized Water Supply and Sanitation	22	Summer Institute on Conflict Management and Resolution	34
Short Course in Environmental Engineering	29	Summer Institute on International Migration, Ethnic Diversity and	
Short Course in Environmental Policy Making	29	Cities	35
Short Course in Groundwater Resources and Treatment	22	Summer Institute on Sexuality, Culture and Society	34
Short Course in Integrated Coastal Zone Management	27		
Short Course in Knowledge Management for Decision-Makers in the Water Sector	22	UNIVERSITY MEDICAL CENTRE ST. RABBOUD	
Short Course in Managing Organizations and Change	26		
Short Course in Modeling of Activated Sludge Wastewater Treatment	22	degree	
Short Course in Operation and Maintenance of Urban Infrastructure (Treatment Plants)	23	European Master in Bioethics	68
Short Course in Public-Private Partnerships in the Water Sector	27		
Short Course in Solid Waste Management and Engineering	29	non-degree	
Short Course in Sustainable Wastewater Treatment and Reuse	27	Clinical Procedures in Basic Oral Care	32
Short Course in Urban Network Infrastructure Construction and Maintenance	27	Community Oral Health Care: Tools That Make a Difference	32
Short Course in Urban Water Systems Modelling	28	New Approaches to Dental Teaching - An Introduction to Curriculum	
Short Course in Water & Environmental Law and Institutions	30	Development, Problem-Based Learning and Treatment Planning	33
Short Course in Water Quality Assessment	29		
Short Course in Water Quality Control in Water Supply	29	UNIVERSITY OF GRONINGEN	
Short Course in Water Resources Planning	29		
Short Course in Water Transport and Distribution 1	23	degree	
Short Course in Water Transport and Distribution 2	23	LL.M. European Law	64
Short Course in Water Treatment Processes and Plants	23	LL.M. International & Comparative Private Law	64
Short Course in Watershed and River Basin Management	29	LL.M. International Economic & Business Law	64
Short Course in Wetlands for Water Quality	29	LL.M. International Law & the Law of International Organisations	64
		MA International Humanitarian Action (Joint programme with several European universities)	76
UNIVERSITEIT MAASTRICHT		MSc Business Administration	56
		MSc Chemical Engineering	61
degree		MSc Chemical Engineering (Joint programme with Institut Teknologi Bandung, Indonesia)	61
Master Programme in Social Protection Financing (in collaboration with the International Labour Organisation (ILO)/Social Security Department, Geneva)	75	MSc Educational Sciences - section: Educational Effectiveness and School Improvement	58
Master of Public Health Degree	68	MSc Educational Sciences - section: History of European Education	58
Master of Science Programme in International Business	56	MSc Human Resource Management	56
		MSc International Business & Management	56
non-degree		MSc International Economics and Business	56
Assessing Needs and Understanding Behavioural and Environmental Risk Factors	31	MSc Population Studies	76
Continuous Quality Improvement in Health Care	31		
Economic Analysis of Health Care Systems	32		
Epidemiology and the Evaluation of (Public) Health Determinants and Health Interventions	32		
Financing Social Protection	34		
Health Policy Analysis	32		
Health, Sickness and Culture	32		
Introduction to Public Health Research and Research Methodology	32		
Managing Health Care Organizations	32		
Planning of Health Education and Health Promotion Interventions	32		
Social Budgeting	34		

non-degree

Managing an Academic Network Infrastructure	31

UNIVERSITY OF TWENTE**degree**

Chemical Engineering	61
Curriculum and Instruction	58
Educational Evaluation and Assessment	58
Educational Policy and Management Studies	58
Human Resource Development	58
Master in Business Administration - Human Resource Management	57
Master in Business Administration - Innovation Management	57
Master in Business Administration - International Management	57
Master in Business Administration - Management of Service Organizations	57
Master of Environmental and Energy Management (MBA)	63
Master of Science in Applied Mathematics, Track Engineering Mathematics	66
Master of Science in Applied Mathematics, Track Financial Engineering	66
Master of Science in Applied Mathematics, Track Operations Research and Statistics	66
Master of Science in Business Information Technology	67
Master of Science in Computer Science	67
Master of Science in Human Media Interaction	67
Master of Science in Industrial Engineering and Management, Track Financial Engineering	57
Master of Science in Telematics	67
Master's Programme Electrical Engineering	61
Master's Programme Mechatronics	61
Technology Applications in Education and Training	58
The Chinese International MBA Programme of the University of Twente	57

non-degree

Energy Management and Cleaner Production in Small and Medium Scale Industries (SMI)	29
Formulating Successful Project Proposals for Energy, Environment and Climate Change	29

UTRECHT UNIVERSITY**degree**

LL.M. Comparative Public Law and Good Governance	64
LL.M. International and European Protection of Human Rights	64
LL.M. International and/or European Law	64
LL.M. Internationalization of Crime and Criminal Justice	65
LL.M. Law and Economics	65
MA Applied Ethics	53
MA Comparative Women's Studies in Culture and Politics	76
MSc Algorithmic Systems	67
MSc Animal Biology	70
MSc Animal Pathology	49
MSc Applied and Fundamental Mathematics	67
MSc Biogeology	71
MSc Biology of Disease	68
MSc Biomedical Image Sciences	68
MSc Biomolecular Sciences	70
MSc Chemistry and Physics	71
MSc Content and Knowledge Engineering	67
MSc Drug Innovation	69
MSc Economics and Geography	76
MSc Economics and History	76

MSc Economics and Law	76
MSc Economics and Social Science	76
MSc Experimental Physics	71
MSc Geochemistry	71
MSc Geographical Information Management and Applications	71
MSc Geology	71
MSc Geophysics	71
MSc History and Philosophy of Science	72
MSc Hydrology	71
MSc International Development Studies	76
MSc International Economics and Business	76
MSc Laboratory Animal Sciences	49
MSc Meteorology, Physical Oceanography and Climate	72
MSc Natural Resources Management	63
MSc Physical Geography	71
MSc Plant Biology	70
MSc Research and Development in Science Education	58
MSc Science Teacher Education	58
MSc Sustainable Development	71
MSc Theoretical Physics	72
MSc Toxicology and Environmental Health	72
MSc Veterinary Epidemiology and Economics	49
MSc in Immunity and Infection	68

VAN HALL INSTITUUT**non-degree**

Coastal Zone Management	33
Environmental Policy and Management	29
Environmental Sciences	29
Environmental Technology	30
Food Science and Technology (1-year programme)	23
Food and Agribusiness Management (1-year programme)	23
Geographical Information Studies	30
Nature and Wildlife Management	30
Rural Resources Management	23
Sustainable Soil Management	23

VRIJE UNIVERSITEIT AMSTERDAM**degree**

Contextual and Cross-Cultural Theology (Master)	53
LL.M. International Business Law	65
LL.M. International Commercial and Trade Law	65
MSc Environment and Resource Management	63
Master Degree Programme Biology	72
Master Degree Programme Biomedical Sciences	69
Master Degree Programme Biomolecular Sciences / Cell Biology	69
Master Degree Programme Earth Sciences	72
Master Degree Programme Geo-environmental Sciences	72
Master Degree Programme Hydrology	49
Master of Political Sciences: - Comparative Politics and Public Policy	
Analysis - International Relations and Transnational Governance	77

NFP Country List

To be eligible for an NFP fellowship, an applicant must be a national of one of the following countries:

Afghanistan	El Salvador	Namibia
Albania	Eritrea	Nepal
Armenia	Ethiopia	Nicaragua
Autonomous Palestinian Authorities	Georgia	Nigeria
Bangladesh	Ghana	Pakistan
Benin	Guatemala	Peru
Bhutan	Guinea-Bissau	Philippines
Bolivia	Honduras	Rwanda
Bosnia-Herzegovina	India	Senegal
Brazil	Indonesia	South Africa
Burkina Faso	Iran	Sri Lanka
Cambodia	Ivory Coast	Surinam
Cape Verde	Jordan	Tanzania
China*	Kenya	Thailand
Colombia	Macedonia	Uganda
Costa Rica	Mali	Vietnam
Cuba	Moldova	Yemen
Ecuador	Mongolia	Zambia
Egypt	Mozambique	Zimbabwe

* Excluding citizens from Hong Kong and Macao
