

**82****83****84****85**

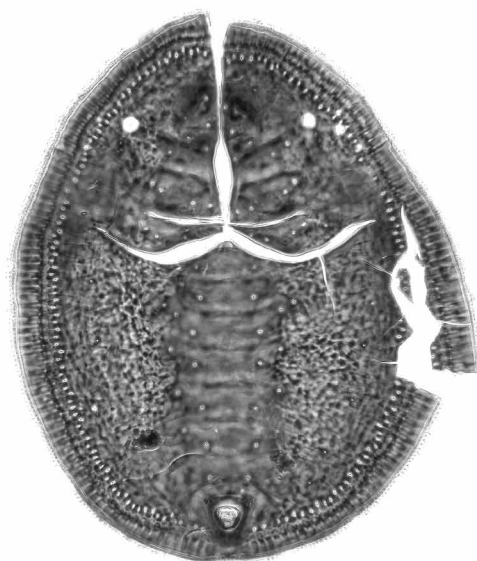

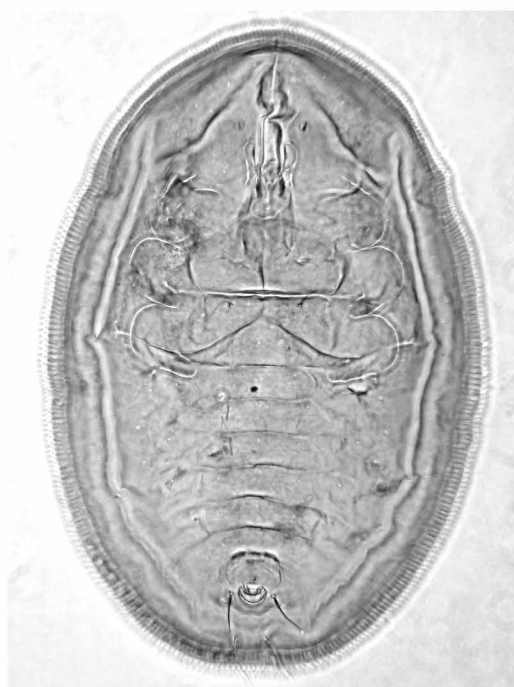

FIGURES 82–85, puparial photomicrographs. 82, *Aleurocanthus woglumi* Ashby; 83, *Aleurocerus ceriferus* (Sampson & Drews); 84, *Aleurocerus chiclei* Russell; 85, *Aleurocerus palmarum* Russell.

**86****87****88****89**

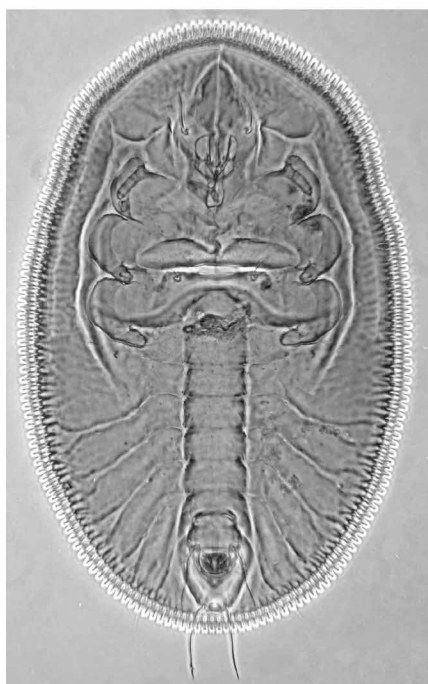

FIGURES 86–89, puparial photomicrographs. 86, *Aleurocybotus cereus* sp. nov.; 87, *Aleuroglandulus inanitis* sp. nov.; 88, *Aleuroglandulus striatus* Sampson & Drews; 89, *Aleuroglandulus subtilis* Bondar.

**90****91****92****93**

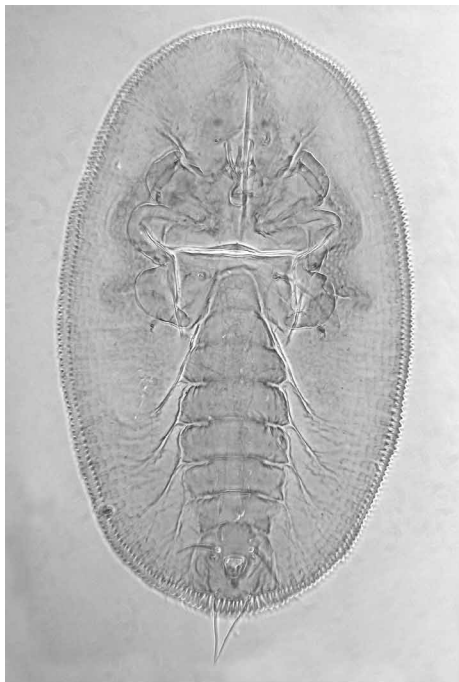

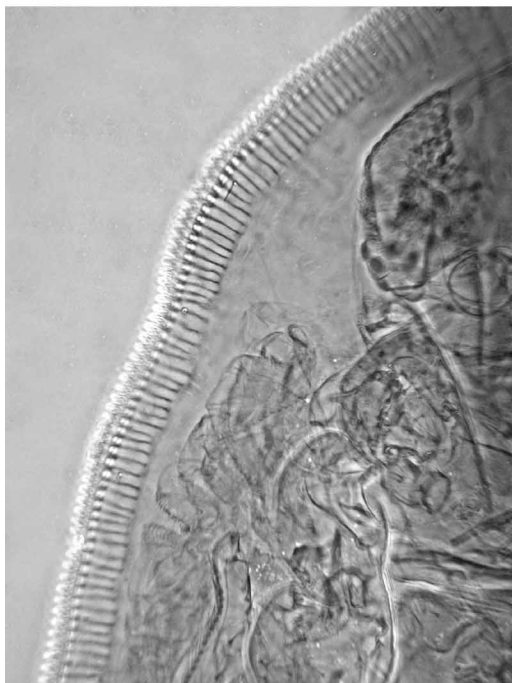

FIGURES 90–93, puparial photomicrographs, *Aleuoparadoxus* spp. 90, *A. rhodae* Russell; 91, *A. sapotae* Russell, holotype; 92, *A. Belize* sp. 1, *sapotae*-group; 93, *A. truncatus* Russell.

**94****95****96****97**

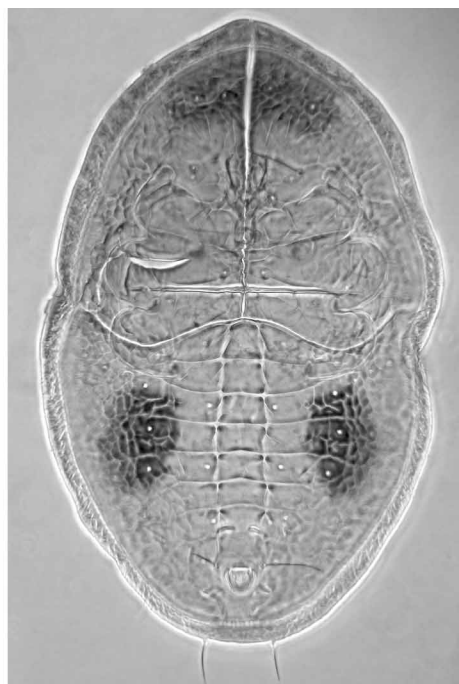

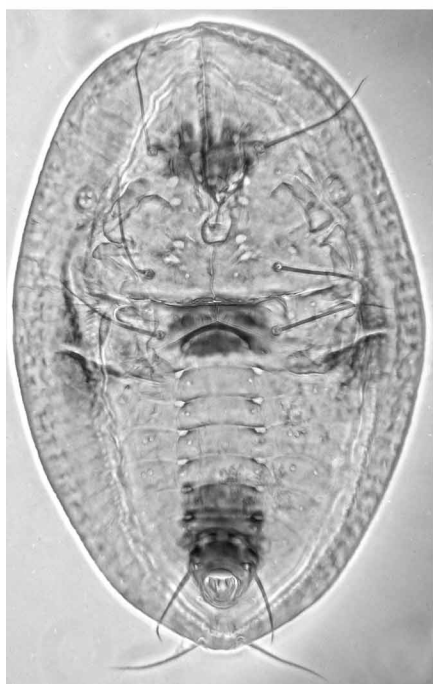

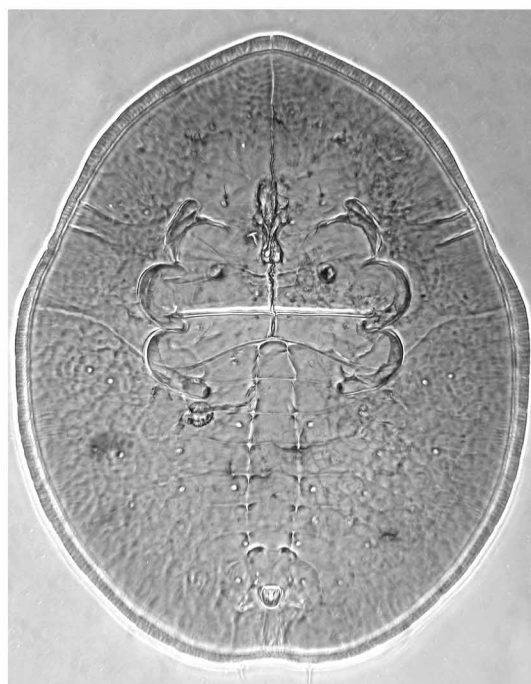

FIGURES 94–97, puparial photomicrographs. 94, *Aleuroplatus cococolus* Quaintance & Baker; 95, *Aleuroplatus vinsonioides* (Cockerell); 96, *Aleurothrixus floccosus* (Maskell); 97, *Aleurothrixus myrtacei* Bondar.

**98****99****100**

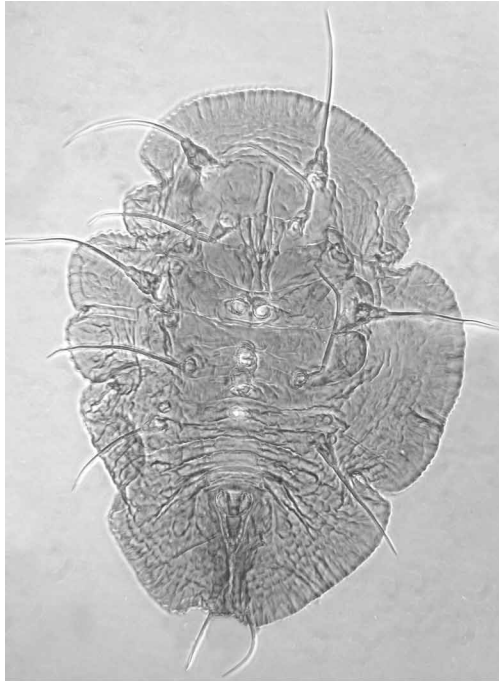

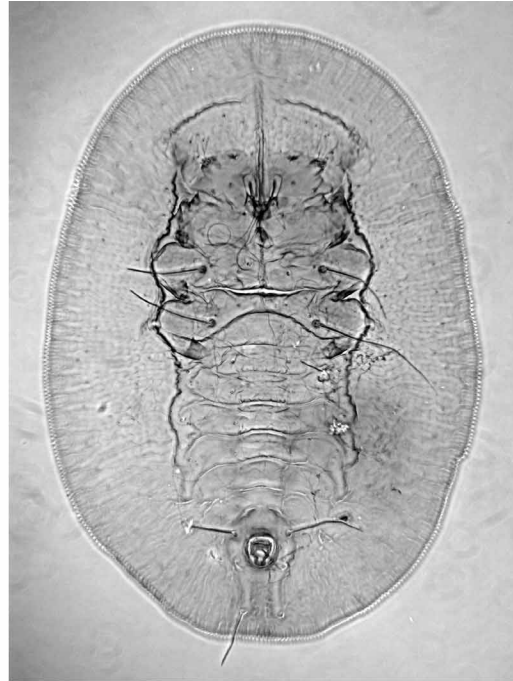

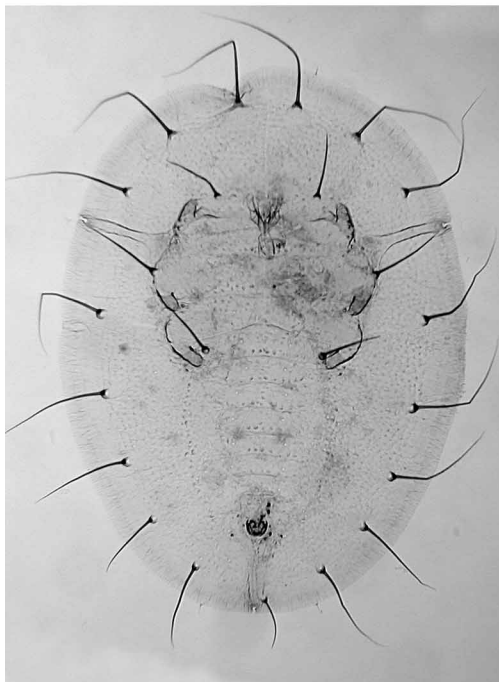

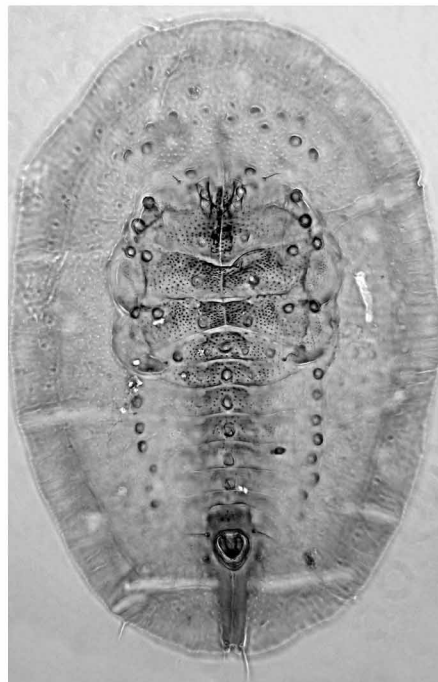

FIGURES 98–100, puparial photomicrographs, *Aleurotrachelus* spp. 98, *A. socialis* Bondar; 99, *A. tracheifer* (Quaintance); 100, *A. trachoides* (Back).

**101****102****103****104**

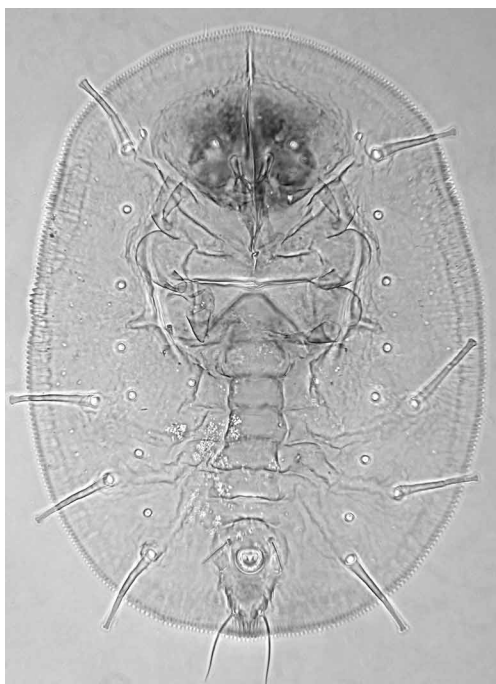

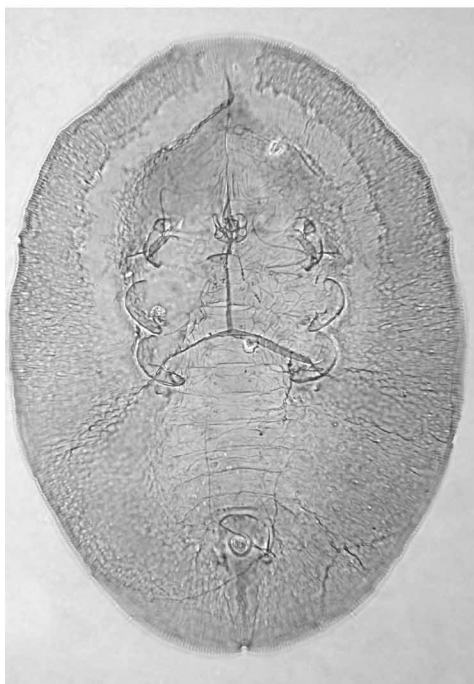

FIGURES 101–104, puparial photomicrographs, *Aleurotulus* spp. 101, *A. laneus* **sp. nov.**; 102, *A. mundururu* Bondar, post-emergence pupal case; 103–104, *A. mundururu*, puparium with near-emergence developing adult.

**105****106****107****108**

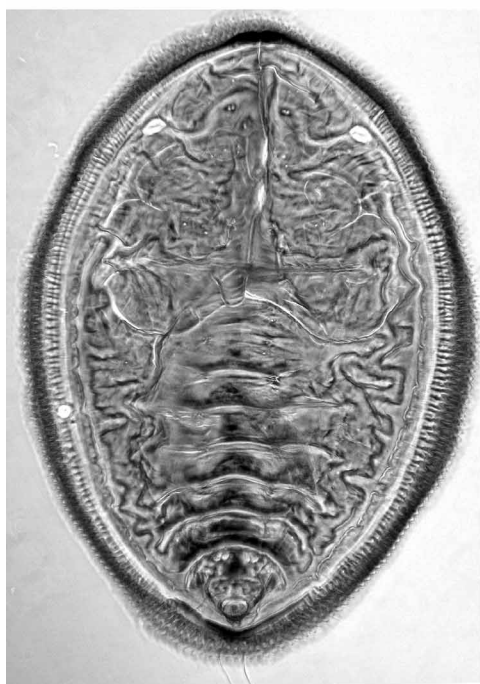

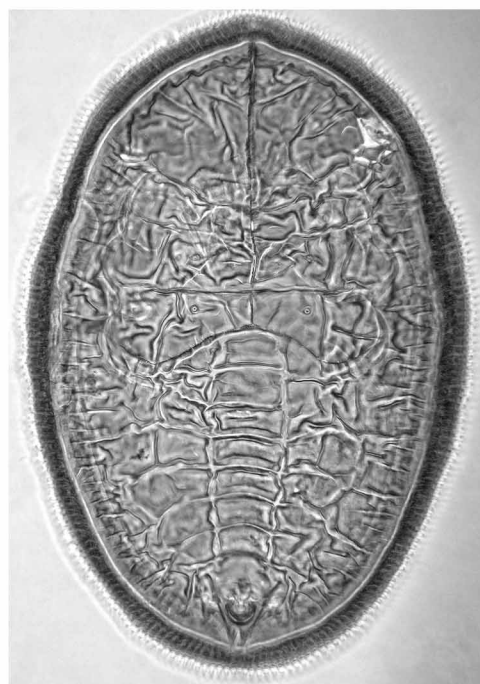

FIGURES 105–108, puparial photomicrographs, *Aleurovitreus* spp. 105, *A. risor* **sp. nov.**, specimen on leaf, showing markings that led to the choice of specific name; 106, *A. risor*, slide-mounted puparium; 107, *A. insignis* (Bondar); 108, *A. Belize* sp. 4, ex-*Piper*.

**109****110****111****112**

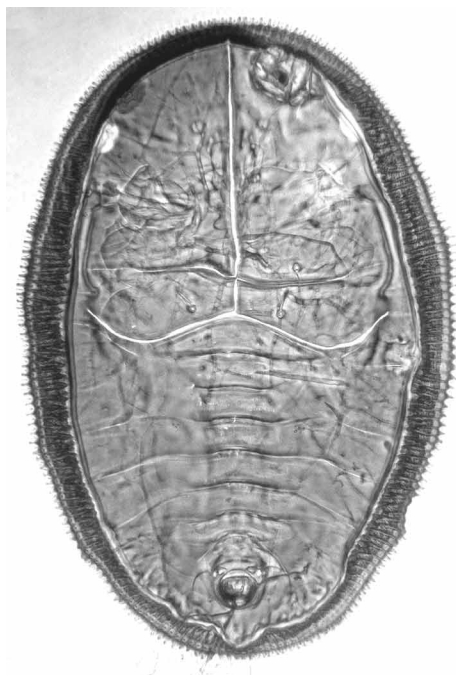

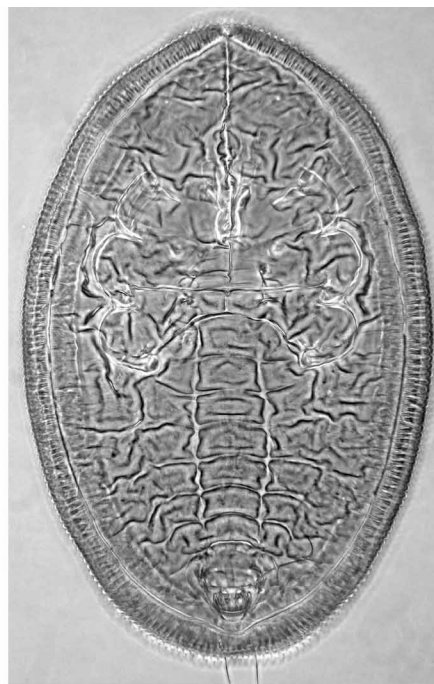

FIGURES 109–112, puparial photomicrographs. 109, *Bemisia centroamericana* **sp. nov.**; 110, *Crenidorsum aroidophagus* Martin & Aguiar; 111, *Dialeurodes denticulatus* (Bondar); 112, *Dialeurolonga guettardae* **sp. nov.**.

**113****114****115****116**

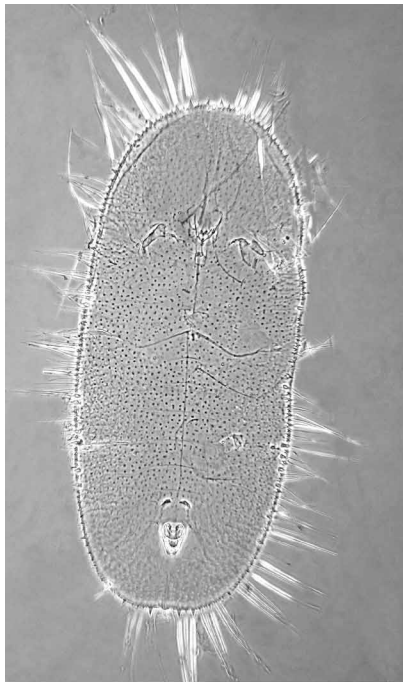

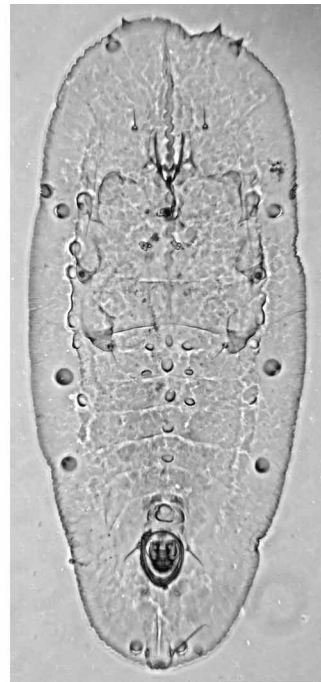

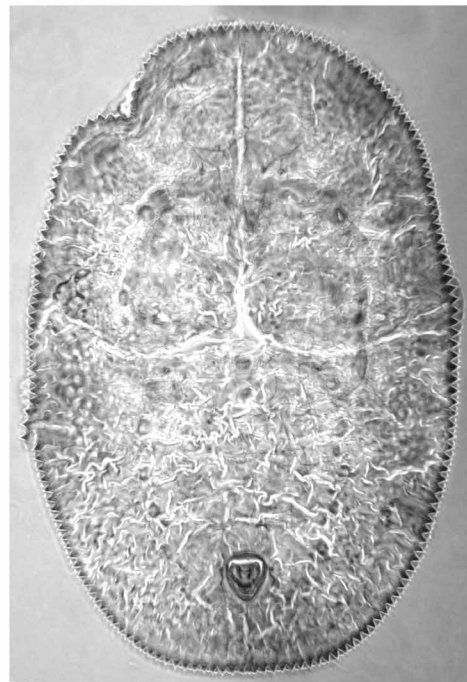

FIGURES 113–116, puparial photomicrographs. 113, *Disiphon russellae* **sp. nov.**; 114, *Paraleurolobus chamedoreae* Russell; 115, *Singhiella citrifolii* (Morgan); 116, *Tegmaleurodes lentus* **sp. nov.**, with dorsal capapace *in situ*.

**117****118****119****120**

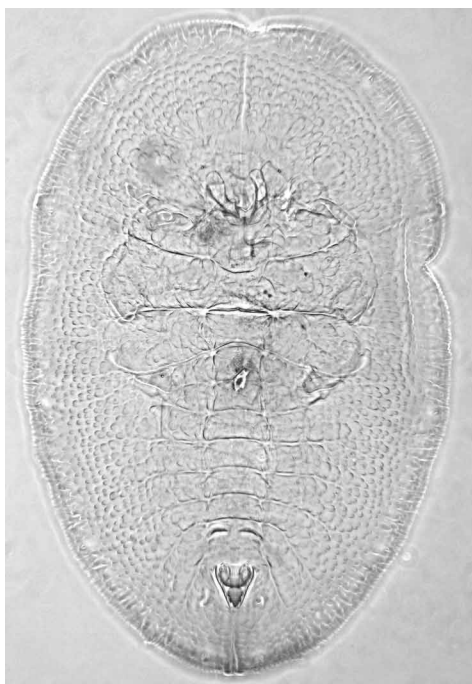

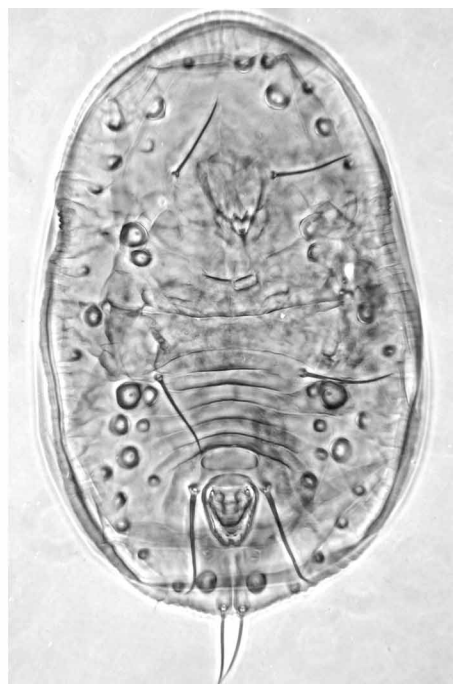

FIGURES 117–120, puparial photomicrographs, *Tetraleurodes* spp. 117, *T. acaciae* (Quaintance); 118, *T. chivela* Nakahara; 119, *T. confusa* Nakahara; 120, *T. fici* Quaintance & Baker.

**121****122****123****124**

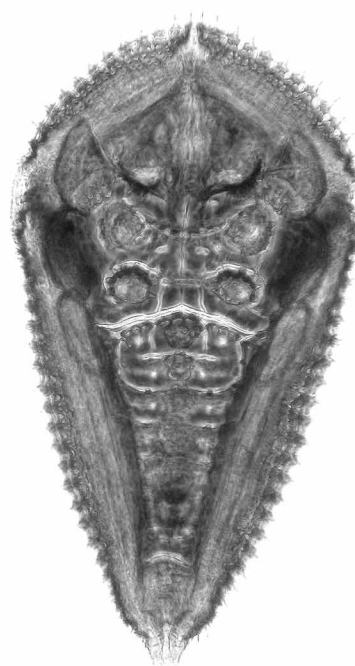

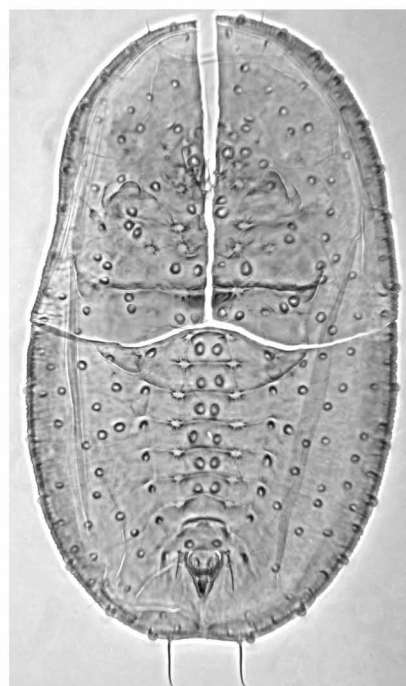

FIGURES 121–124, puparial photomicrographs, *Tetraleurodes* spp. 121, *T. mori* (Quaintance); 122, *T. pringlei* Quaintance & Baker; 123, *T. quadratus* Sampson & Drews; 124, *T. Belize* sp. 8, ex-*Persea*.

**125****126****127****128**

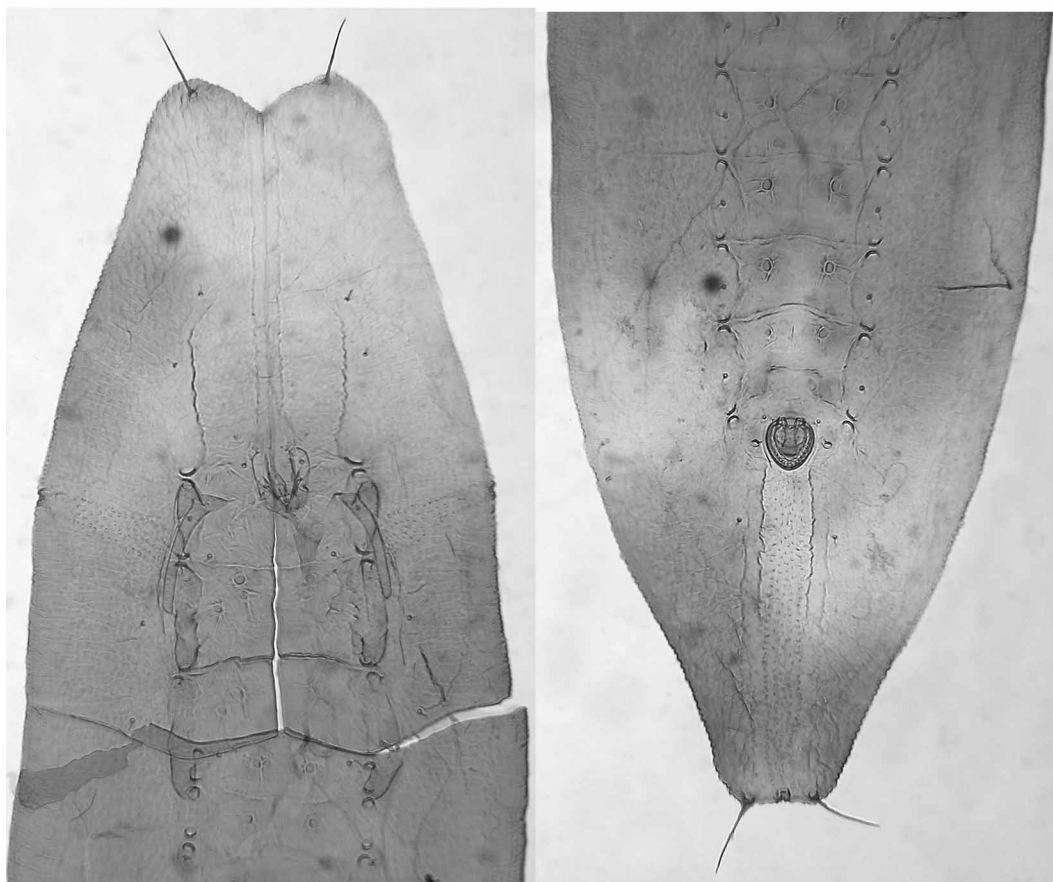

FIGURES 125–128, puparial photomicrographs, *Trialeurodes* spp. 125, *T. abdita* **sp. nov.**, untreated specimen; 126, *T. cryptus* **sp. nov.**; 127, *T. floridensis* (Quaintance) with secreted carapace removed; 128, *T. floridensis* with secreted carapace *in situ*.

**129****130****131****132**

FIGURES 129–132, puparial photomicrographs, *Trialeurodes* spp. 129, *T. paucipapilla* sp. nov.; 130, *T. similis* Russell; 131, *T. variabilis* (Quaintance); 132, *T. ?vitrinellus* (Cockerell).

**133****134****135****136**

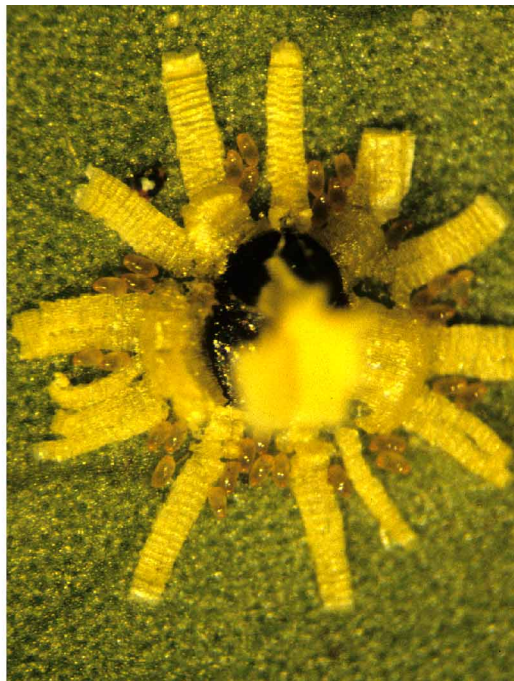

FIGURES 133–136, puparial photomicrographs. 133, *Aleuropleurocelus* Belize sp. 6 ex-*Acalypha*; 134, *Aleuropleurocelus* Belize sp. 10 ex-*Psychotria*; 135, *Aleurothrixus* Belize sp. 2 ex-undetermined host; 136, undetermined genus #2, sp. 1 ex-*Loncochcarpus*.

**137****138**

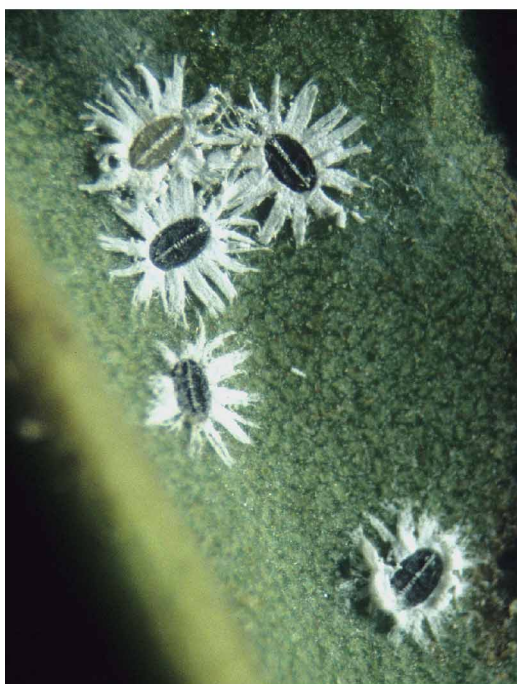

FIGURES 137–138, puparial photomicrographs, *Peracchius durantae* Lima & Racca-Filho. 137, anterior half of puparium; 138, posterior half of puparium.

139

140

141

142

FIGURES 139–142, habitus photomicrographs. 139, *Aleuroglandulus inanis* **sp. nov.**, puparium with moist dorsal surface; 140, *Aleuroplatus vinsonioides* (Cockerell), puparium with peripheral and dorsal yellow wax secretions; 141, *Aleurotrachelus tracheifer* (Quaintance), small group of puparia; 142, *Aleurovitreus* sp., adult emerging from silvery pupal case.
